AUCTION SALES OF **HOUSEHOLD FURNITURE,**

Effects, Works of Art, Plate, Oil Paintings, Pictures, &c.,
CONDUCTED BY

JOHN G. COHEN.

INVENTORIES TAKEN AT THE SHORTEST NOTICE.

Families leaving the colony, and others disposing of their household furniture, effects, &c., are respectfully informed that JOHN G. COHEN continues to undertake sales by auction of such property in all cases where the same is not intended for removal from the premises, and which has formed a portion of his general and extensive business of an auctioneer for more than twenty one years in this colony.

Liberal advances made in anticipation of proceeds being realised, in all cases when so required, without incurring extra expense to his constituents, who have likewise the advantage of remaining in their houses up to the time of sale—a facility frequently of great moment to families.

Principals have only to give general instructions in such cases where they do not wish to be on the spot, or are unavoidably absent. Sales effected by private contract when so directed; in either case, every care will be devoted that energy and practical experience can accomplish, to obtain the highest prices for the benefit of his clients.

Referring back to his long and varied experience, combined with a general knowledge of this particular branch of business, JOHN G. COHEN begs to assure those who may honour him with their confidence, that he will continue to devote the same unremitting zeal for the benefit of his constituents that has hitherto marked his career, and which, in connection with his moderate charges, have produced such favourable results, and given general satisfaction to his numerous patrons.

NOTICE.

To Merchants, Importers, and Others.

JOHN G. COHEN

Begs respectfully to remind his numerous friends that he undertakes to sell General Cargoes, Colonial Produce, and Ordinary Merchandise, both by public sale and private contract, and at the same time to remark that the advantages his medium offers are not to be surpassed in the colony.

To provide still further for the various interests confided to his care, the auction rooms have been further enlarged, thus affording increased accommodation and space for the varied description of goods imported to this market.

The SALE ROOM erected at a vast expense in anticipation of the growing wants of a great and increasing community, is, from its general structure and internal arrangements, combined with the general convenience it affords in all respects, acknowledged to be the most complete and unique in the colony.

In the rear are STORE ROOMS, capacious and secure, capable of receiving more than 3000 tons of merchandise. It is needless to add, that their central position leaves nothing to be desired.

JOHN G. COHEN, in soliciting a continuance of the support with which he has been favoured for more than twenty-one years, begs to assure his various patrons that he will continue to devote the same zeal and interest that has hitherto distinguished his career as Auctioneer and General Agent, and to maintain that large share of confidence he has earned from a discriminating and discerning public.

W. G. HENFREY,

Aerated Water,

LIQUEUR AND GORDIAL

MANUFACTURER.

I again thanking the Public for the very liberal patronage extended to him for the last Fourteen Years, takes this opportunity of informing them that he is now Manufacturing all kinds of

MEDICATED WATERS

to the order, and under the express approval, of the

MEDICAL PROFESSION,

who are now universally ordering their patients the use of the celebrated

TONIC WATER,

lately introduced by him, which, from his knowledge of Chemistry (to which profession he was educated), enables him to produce it in the highest state of perfection.

Medical Analysis has proved this

AERATED WATER

To contain both Tonic and Nutritive Properties, and is undoubtedly—from its stomachic febrifuge, and eminently tonic qualities—well adapted to supersede the ordinary Fermented Liquors and Effervescing Draughts much used in Australia and other warm climates.

The principal ingredient in this Water being

PURE SULPHATE OF QUININE,

HIGHLY IMPREGNATED WITH CARBONIC ACID GAS,

It will be found to give Tone to the Stomach, while it is an agreeable and refreshing drink, and ought in hot climates to supersede others of an heating nature.

Especial attention given to the production of Carte-de-Visito portraits.

T. S. G. would draw the public attention to those exquisitely beautiful pictures called the *Ivorytypes*, they are entirely new, and superior in effect to any yet brought before the public, and are unsurpassed in the Southern Hemisphere.

F. CUNNINGHAM,

Letter-Press & Steam Machine Printer,

184, PITT STREET,

(Two Doors from King Street, and opposite Mr. Moffitt, Stationer),

SYDNEY,

RESPECTFULLY informs the Public that having made fresh additions to his already extensive Stock of Printing Material, and added some other permanent improvements to his Establishment, he is now prepared to execute every description of Printing at a

Reduction of 25 per cent. on his former charges!

To this fact he particularly directs the attention of Banking and other Monetary Establishments, and of the Mercantile Community generally, as he feels convinced that by sending their orders to him direct, instead of through the medium of a canvasser (who must necessarily be paid for his labour), their work can be more cheaply executed at his Office than by any other in the City.

Occupying the most prominent position in the Colony as a BOOK AND GENERAL JOB PRINTER, F. C. is prepared to undertake works of any magnitude or description; and rests assured that, from his practical knowledge and long experience, a sufficient guarantee will be afforded to those who may favor him with their commands, that their orders will be executed in a manner not to be surpassed by any London or other Printing Establishment in the Mother Country. In proof of this, he need only refer to *Wilkinson's Plunkett's Magistrate*, *Cary's Statutes*, *Cruise of the Wanderer*, *Supreme Court Reports*, and numerous other works which have recently issued from his Press.

ESTIMATES GIVEN AND CONTRACTS ENTERED INTO FOR ALL KINDS OF PRINTING.

F. C. wishes particularly to call the attention of the heads of Collegiate and Literary Institutions to the fact that he has a large and perfect font of New Greek Type, with Tiling Letters; and can undertake to print works of a classical nature, with neatness and accuracy, and in such a manner as cannot fail to give satisfaction to those gentlemen who may entrust work of this description to his care.
