Vintage of 1865 now ready for delivery. Merchants supplied on very favorable terms.

WHOLESALE DEPOT . . . 96 NEW PITT STREET.
W. T. COHEN, Manager.

Circular.

Messrs. WYNDHAM beg to intimate that the Partnership hitherto existing between Dr. Lindeman and themselves, at Exchange Cellars, Sydney, as Australian Wine Merchants, has expired by effluxion of time.

The "Dalwood and Bukkulla Wines" are now all bottled, sealed, and packed at the "Vineyard Cellars," Dalwood, under their own immediate personal supervision, and the Vintage of 1865 being sufficiently matured for bottling, they have resumed sales at their New Premises, 96, New Pitt Street, Sydney, under the management of Mr. W. T. Cohen, who will be kept amply supplied direct from the Vineyards.

With their extensive area of Vines (now over 68 acres in bearing), besides some of more recent planting; they have every prospect of a large annual yield.

Their last Wine Crop exceeded 33,000 gallons; added to which they have a quantity of the 1866 and 1865 Vintages, the former of which is almost unbroached.

Messrs. W. would wish it to be particularly understood that all Wines bottled by them, bearing their "Brand and Seal," are entirely the production of their own Vineyards, are made under their own personal superintendence, and can be especially guaranteed to be

THE PURE JUICE OF THE GRAPE.

For Prices, &c., apply as above, or to

MESSRS. WYNDHAM,

DALWOOD VINEYARDS,

BRANXTON.

OPINIONS OF THE PRESS :

"We have read "BOOMERANG's lively and clever Sketches, and we hope to hear of him again. He has spirited and unaffected manner, and hits off life in Australia with power and humour, and with an occasional dash of pathos, which relieves the almost superabundant fun of the volume."—*London Review*.
 "An amusing and instructive book. The tale is written in a light, humorous entertaining style."—*Christian World, London*.
 "Colonists will peruse it with interest for its vivid pictures of Australian life."—*Sydney Morning Herald*.
 "The book is a warning and a history. * * * Young Colonists may read its pages with profit, and even older heads may find something to ponder over."—*Sydney Mail*.
 "Whatever the reader's taste, he is almost sure to meet with something that will interest him."—*Empire, Sydney*.
 "The book is really of much merit, and we should be pleased to find that it has been a success."—*Freeman's Journal*.

HUBBUCK'S PATENT WHITE ZINC PAINT.

By their process, which is patented, the Pure White Zinc Paint is cheaper than White Lead.

For internal and external Painting, HUBBUCK'S ZINC PAINT is the most durable and beautiful, and does not stain or discolour with the London atmosphere, or in the neighbourhood of Gas and Chemical Works. In all climates it is superior to other Paint for the inside and outside of Houses, Ships, Lighthouses, Iron Roofing and Bridges.

ADULTERATIONS.

Some Paint Grinders have been selling adulterated Zinc Paint. No workman can produce good work with such material. Those who have had the Patent White Zinc Paint from Grinders who have not adulterated it, will not use any other Paint for their best work.

To prevent the prejudice which the inferior article must produce, each cask of pure White Zinc Paint is stamped—

"HUBBUCK, LONDON PATENT."

Adulterated Zinc Paint, so marked, having been shipped to Foreign Markets, the Patentees offer a reward of FIFTY POUNDS for information which shall lead to the conviction, in an English or Colonial Court, of those who have pirated their mark.

GRINDERS, EXPORTERS AND RETAILERS ARE ALL LIABLE FOR ITS SALE.

THOMAS HUBBUCK & SON,
WHITE LEAD, OIL, PAINT AND VARNISH WORKS,
24 LIME STREET, LONDON.

"For public schools, and all rooms occupied by children, there will now be no excuse for using poisonous paints. Parents have remarked that their children, on returning to newly painted houses, have suffered in health. The reason is evident; the breath extracts the poison from White Lead, and the lungs draw in the deadly vapour."

"Among other tests to which it has been subjected, has been that of painting the hold of a sugar vessel, which, after a voyage to St. Kitt's and back, was found, after washing, to be as white as the first day the paint was applied."—John Bull, September 14th, 1850.

HUBBUCK'S ANTI-CORROSIVE PAINTS,

The most valuable protection to Iron Roofs, Bridges, Piers, Ships and Buildings exposes to stormy weather and scorching sun; they soon become extremely hard and do not blister, and are very durable.

They are made of Stone, Slate, Copper, White, Blue, Green, or any other Colour that is desired.

HUBBUCK'S ANTI-OXIDATION COMPOSITION,

For Coating Iron and Wood Ships' Bottoms; a Preservative against fouling and corrosion. This Composition is ready for immediate use, and obviates the waste of carrying unmixed Paints, Oils, Driers, &c. It is also applicable to all the purposes of other Paints.

HUBBUCK'S PALE BOILED OIL

Has less Colour than Raw Linseed Oil; is a quick, hard and certain Drier for White and Light coloured Paints.

PAINTS AND OILS PROPERLY PACKED FOR EXPORTATION.

LAMPLOUGH'S EFFERVESCENT PYRETIC SALINE.

Important to all, more especially those who have charge of others, to Travellers, English Ministers, British Consuls and Europeans seeking to reside in safety in Tropical and Foreign Climates.

Her Majesty's Representative, the Governor of Sierra Leone, in a Letter of request for an additional supply of the Pyretic Saline, states:—It is of great value, and I shall rejoice to hear it is in the hands of all Europeans visiting the Tropics.

In Measles, Scarlet, Typhus and Gastric Fevers and Eruptive Diseases, it should be given in tea-spoonful doses every four hours, in a glass half full of water, or with an increased quantity of water if the patient suffers from thirst.

Half a tea-spoonful taken in a tumbler of water, contributes more to the refreshment of the body than any known beverage. Invigorating and vitalising the blood, it alleviates thirst in a most agreeable manner, and furnishes the system with those saline principles that are essential to health.

Sickness, Headache and Nausea are in most cases immediately relieved by taking a tea-spoonful in a tumbler of cold water. This can be repeated once or twice in two hours, if needful.

Sea Voyages.—It is a very valuable accompaniment, and should on no account be omitted. It instantly allays the sickness.

For Billious Constitutions, giving rise to vitiated Secretions, Indigestion and Eruptions on the Skin, a tea-spoonful should be taken daily with the dinner in a tumbler of water, and the same quantity on going to bed.

Heartburn and Inward Fever.—One tea-spoonful should be taken in half a glass of water, and repeated if needful.

BORWICK'S BAKING POWDER

Makes Bread Light and Digestible in a few minutes without the use of Yeast.
Pastry and Puddings should never be made without it, as it renders them light and easy of digestion.

TESTIMONIALS.

In answer to your request, I am happy to say I have tested Borwick's Baking Powder, and it proves to be very good when properly used.
Government House, Sydney, N.S.W., 19th March, 1867.
Yours, &c., J. E. GUERIN, Head Cook.

BORWICK'S

I hereby certify that I have made a careful analysis of BORWICK'S BAKING POWDER. The ingredients are all of the purest description, perfectly wholesome, well and proportionably mixed, and will keep good in any climate. Indeed I consider it a beautiful farinaceous powder, and well qualified for raising bread, pastry, &c.

Sydney, 4th May, 1866.

CHARLES WATT, Analytical Chemist.

I have used BORWICK'S BAKING POWDER for the last twelve years, and consider it to be an invaluable help to thrifty housewives who delight in making home happy, as they can thereby make cakes and puddings for their families at a much less cost than with eggs.

M. ROBERTS, Matron to the Female Refuge, Sydney.

BAKING

Mr. Borwick.

May 28, 1867.

Dear Sir,—Having been chief pastrycook at the Royal Hotel, Sydney, for the period of eighteen months, and for the last sixteen months pastrycook and baker on board the above ship, I have great pleasure in recommending your baking Powder to the notice of the public. During the above periods I have constantly used it, and consider it the best preparation of the kind that ever came under my notice.

I have the honor to remain yours, truly, RICHARD ADAMS.

POWDER.

Having tried BORWICK'S BAKING POWDER, we consider it invaluable, especially in passenger and emigrant ships, as it makes bread and pastry light and digestible, effecting a great saving in time and labour, as the bread is prepared in a few minutes, instead of the ordinary slow process of fermentation by yeast.
