Members are allowed to travel all over the world without payment of extra premium.

Members are allowed, without extra charge, to reside in any part of the world distant more than 25 degrees from the equator, or in any portion of Australia.

Members may engage in any occupation after they have been assured.

The Policies of the Society, at the end of five years from their date, become absolutely indisputable and unchallengeable, provided the age has been admitted.

Policies are not forfeited if the surrender value is sufficient for the payment of one premium.

Members may, at any time convenient to themselves, exchange their Reversionary Bonus Additions for cash, or in reduction of their future Annual Premiums, or in payment in full of a definite number of future Annual Premiums. The mortality experience of the Society for the 30 years, 1849 to 1878, has been more favourable than that of any other life office in any part of the world.

Note.—The months are calendar months, so that there are only Twelve payments, NOT Thirteen in the Year.

A person borrowing £200 at 5 per cent. per annum in the ordinary way would, in ten years, pay £300 whereas he would only pay this Society £236, thus showing a gain in favour of borrowing from the Society. The actual amount of interest charged is about equal to 5 per cent. per annum.

Any person on looking at the above Table of Repayments can easily decide how long it will take him to become the owner of a house, &c., if he can afford to pay the monthly instalments for any of the above periods.
