REGISTRATION OF LETTERS

The Post-Office is not responsible for the loss of any letter, whether registered or otherwise, parties sending Bank notes or drafts are advised to take the numbers and particulars, and to cut such notes or drafts in halves, and to send them by different posts.

PATTERN AND SAMPLE POST REGULATIONS

The pattern and sample post is restricted to *bond fide* trade patterns or samples of merchandise.

[As considerable misunderstanding exists as to the intention of this regulation, it is deemed necessary to explain that the only object of it is to afford certain trade facilities, and not to provide for the general conveyance of articles of merchandise from any one individual to another. For instance, under this clause as it now stands any merchantman or warehouseman can send a pattern or sample (even if it has an intrinsic value) to any other merchant or warehouseman for the purpose of adding in the disposal of a quantity of the article so sampled; but it is not intended that any merchant or warehouseman shall under this regulation send through the post any article sold to a purchaser. In working this regulation, obviously much must be left to the honesty of the persons making use of this post as regards the articles being *bond fide* patterns or samples, but postmasters and others can in most cases readily decide whether an article sent is likely to be a sample from one merchant or warehouseman to another,

or an article sent in execution of an order from one individual to another.]

Patterns or samples, when practicable, must be sent in covers open at the ends and in such a manner as to be easy of examination. But samples of seeds, drugs, or such like articles, may be posted enclosed in boxes, or in bags of linen or other material fastened in such a manner that they may be readily opened; in bags entirely closed, provided such closed bags are transparent, so as to enable the officers of the Post-Office readily to satisfy themselves as to the nature of the contents.

[In order to secure the return of pattern packets which cannot be delivered, the name and address of the senders should be printed or written *outside*; thus, "From—of—"]

There must be no writing or printing upon or in any packet except the address of the person for whom it is intended, the address of the sender, a trade mark or number, and the price of the articles.

[Patterns or samples of merchandise for transmission by post within the Colony can be accompanied by a printed descriptive catalogue or printed advertisement from the senders, provided the ends of the packet are left open for inspection of contents, and they are otherwise posted in accordance with the pattern and post sample regulations.

Both the book packet and the pattern sample postage rates will be chargeable on this description of matter, viz.:—

[Not exceeding 2 ozs., 2d. And 2d. extra for every additional 2 ozs. or fraction of ozs.]

Packets containing samples or trade patterns above sixteen ozs. in weight, or exceeding two feet in length, one foot in width, or one foot in depth, or reasonably suspected to contain articles likely to injure the other portions of the mail, or the person of any officer or servant of the Post-Office, may be refused. The limit of weight is not the same to all countries. For particulars see table A.

Packets containing seeds, not sent as samples, may be forwarded as inland packets only; such packets must not, however, exceed eight ounces in weight.

Any packet posted in fraud or violation of the Post-Office Statute or regulations, or of any Act of the Customs, or containing any letter or epistolary communication, or having less than one rate prepaid as a packet not exceeding two ozs. in weight, or which shall have no postage, or less than one rate of postage, in accordance with the rate chargeable thereon, or shall contain or have on the outside thereof, any profane, obscene, or libellous address, signature, picture, or thing, must be sent to the Dead Letter Office, forthwith.

RULINGS OF THE POST-OFFICE DEPARTMENT

The Pattern and Sample Post within the Colony of New South Wales, and between it and the neighbouring Colonies, is restricted to *bond fide* patterns or samples of merchandise, which must not exceed 16 ozs. in weight, and packets of seeds must not exceed 8 ozs.

Tradesman's bills or accounts cannot be sent at packet rates, but must be prepaid in postage stamps at letter rates.

Duty stamps cannot be used as postage stamps.

Trade reports of the Trade Protection Institute are not allowed to pass through the post free of charge. Packet rate must be paid thereon.

Between Sydney and Balmain, Edgecliff, Glebe, Hunter's Hill, Newtown, Paddington, Randwick, Redfern, St. Leonards, and Waverley, ten words 6d., each additional word 1d.

Between West Maitland, East Maitland, Morpeth, and Hinton, ten words 6d., each additional word 1d.

Between Grafton and South Grafton, ten words 6d., each additional word 1d.

As a general rule all Messages are to be prepaid; but in cases of emergency or distress persons may be allowed to send Messages to be paid for by the receiver.

Payment of charges in advance will be required, except for replies to Interrogatory Messages on which the sender has written "Reply paid here." No charge will be made for date, address, or signature of the Message.

Messages will be delivered free within one mile of the Office; over that distance portage or cab hire will be charged, and boat hire on Messages to be delivered on ship board.

Where an immediate reply to a Message is required, the sender of such Message is requested to append the words "Reply by Telegraph." The Messenger charged with the delivery of the Message will then be directed to wait five minutes for the reply, in order to facilitate its transmission to the sender of the Message.

Messages can be transmitted in cypher at fifty per cent. above the ordinary rate of charges. Cypher words must not consist of more than three syllables.

In order to provide against mistakes in the transmission of Messages by Electric Telegraph, every Message of consequence ought to be REPEATED by being sent back from the Station at which it is to be received to the Station from which it is originally sent. Half the usual price for transmission will be charged for repeating the Message. The Government will not be responsible for mistakes in the transmission of unreported Messages, from whatever cause they may arise, nor will the Government be responsible for mistakes in the transmission of a reported Message, nor for any delay in the transmission or delivery, nor for non-transmission or non-delivery of any Message, whether repeated or unreported, to any extent above £5.

Except in cases of emergency, Messages will be transmitted in the order in which they are received; and all Messages will be held strictly confidential.

No application for copies of Messages after delivery will be entertained, unless at the request of the sender, or the person to whom the Message is addressed; and in all cases the Superintendent will require satisfactory reasons for the application.

Messages will be kept in the strict charge of the Superintendent for the space of TWO YEARS, after which they will be burned in the presence of the Superintendent.

Offices will be kept open for the transmission of Messages from 9 a.m. to 8 p.m., Sundays excepted.

Inquiries respecting Messages cannot be entertained unless copies are produced

PUBLIC HOLIDAYS

Telegraph Offices throughout the colony are open on Public Holidays from 9 a.m. to 10 a.m., and between the hours of 6 p.m. and 8 p.m., except Branch Offices, which are only open from 9 to 10 a.m.

BRITISH AND FOREIGN BUSINESS

The following are the Rules and Regulations as to the Transmission of International Telegrams:—

No responsibility is accepted by the Cable Companies for any delay or errors in the transmission of telegrams, nor for the non-delivery of telegrams from whatever cause arising. Every care, however, will be taken to ensure both accuracy in transit and speed in delivery.

Mode of Writing and Acceptance of Telegrams

All telegrams should be legibly written.

Telegrams may be written in plain language, in code language, or in secret language (*langage chiffré*).

Telegrams in plain language must present a clear meaning in any one of the languages allowed to be used for telegraphic purposes.

By code language is understood the employment of words which are to be found in vocabularies but not arranged to form intelligible phrases.

Telegrams in code language may contain words belonging to any one or to all of the following languages, but to no other, viz.:—English, French, German, Italian, Dutch, Portuguese, Spanish, and Latin.

Proper names of persons and places in the text and code messages must be used only in their natural sense.

The Company has the right to ask for the production of code vocabularies should any word in a telegram appear open to question.

Secret language telegrams may be composed of ciphers, or they may contain series of groups of figures, the significance of which shall be unknown to the sending station, or they may be written in languages not admitted under paragraphs 6, 7, 8. Secret language telegrams are charged in accordance with paragraph 25.

Registration of Addresses

The Company will, at any of its stations, register free of charge the names and addresses of firms receiving messages, so that this information may be given in two words, but not less than two words, thus, "Ariel, Singapore." This registration can only be effected locally. If a firm in Singapore should desire to register a code address in any other place, they must instruct their correspondents in the town where the registration is to be effected to make the necessary application at the Telegraph Office.

The name of the sender of a message need not necessarily be transmitted. Every message form, however, must be signed either by the sender or his representative.

Counting and Charging of Telegrams

Messages are charged according to a tariff per word, including the names and addresses of the sender and receiver.

The Maximum length of a single word is fixed at ten letters, any additional letters being counted and charged for as extra words, at the rate of ten letters to the word.

Examples—Responsibility (14 letters).....2 words
Irresponsibility (16 ").....2 "

Expressions joined by a hyphen are counted according to the number of words employed in their formation.

Words separated by an apostrophe are counted as so many separate words.

Proper names of places and persons, names of places, streets, boulevards, and titles, as well as numbers written in words, are counted according to the number of words used to express them, the limitation as to the number of letters in words being always applied.

Any instruction the sender may have to give as to the delivery at destination, prepayment of reply, or cost of repetition or acknowledgment of receipt, should be written before the address of the messages. These indications may be given in the following abbreviated form, when they will be counted as one word only:—

RP—Answer paid
TC—Reception paid
GR—Acknowledgment of receipt
PP—Postage paid
XP—Express paid

Every rectifying or completing telegram, and generally every communication exchanged between the sender and receiver, or by one or the other of them, with a telegraphic office in respect to a telegram already transmitted or in course of transmission, must be paid for. The charge made will be reimbursed if the communication has arisen under the circumstances mentioned in paragraphs 34 and 35. Illegitimate compound words—that is, words combined in a manner contrary to the usage of the language—are not accepted. Abbreviated and mis-spelt words are inadmissible.

Rectifying Telegrams

The receiver of a message suspecting an error in transmission may have the whole or any part repeated on payment of the cost of a message demanding the repetition, and a reply containing as many words as are required to be repeated. The sender can also have the whole or any portion of his message repeated on payment of the price of the telegram he forwards and of the reply if one be required.

These charges will be refunded if the repetition asked for proves that the original message has been mutilated in transmission.

Acknowledgment of Receipt

The date and hour at which a message has been delivered will be notified to the sender by wire if he inserts the words "acknowledgment paid," or the abbreviation "C.R.," immediately before the receiver's address, paying the charge for ten words.

Prepaid Replies

The reply to a message can be prepaid, the sender determining its length, which must not exceed thirty words. The indication "reply prepaid," or "R.P.," will have to be inserted before the receiver's address and paid for; this indication will represent the prepayment of a reply of ten words. If a longer or a shorter reply be expected, the number of words prepaid for the reply must be added thus, "R.P. fifteen," or "R.P. five," this instruction counting as two words.

The sum prepaid for reply will be held for a period of six weeks at the disposition of the receiver of the original message to cover the cost of his reply.

Should the reply contain more words than have been prepaid, the sender of the reply must pay the excess charge.

If the original message cannot be delivered, or if the receiver refuse to send a reply, the delivery or terminal station will, on demand, at the end of six weeks, repay the amount deposited to the office of origin, by whom it will be returned to the sender of the original telegram.

Multiple Messages

Messages may be addressed to several receivers in the same place, or to the same receiver at several residences in the same place.

Telegrams addressed to several receivers or to the same receivers or to the same receiver in different towns are, in all cases, charged as so many separate telegrams.

Telegrams addressed to several persons in the same town or the same person at several addresses in the same town, with or without re-expedition by post will bear only a single charge, with an extra tax of fivepence for every copy not exceeding 100 words, and fivepence additional for every extra 100 words.

Multiple messages are not accepted for North or South America.

Messages by Wire and Post

Telegrams for places beyond the limits of the telegraph system must bear the indication "express," or "post paid" in the following form, "express Miller, Stelgitz, Berlin," "post Gordon, Mauritius, Aden," the name of the terminal or delivery station being last stated.

The public wishing to supplement or modify the contents of letters already despatched to distant places can address a telegram to their correspondents for transmission by wire to any port on the route, to be posted thence to destination; the company will not, however, be responsible should any telegram fail to arrive in time to catch the steamer by which it is intended to be forwarded.

Secret Letter Messages

Telegrams composed of secret letters (such as b x h l m) cannot be accepted from the public

Reimbursements

When a telegram has suffered a delay of 144 hours from any other cause than an interruption of the telegraph lines, the charges will be returned after investigation, provided they be applied for on a reclamation form within six months after date.

The cost of a repeated or collationné message which has been mutilated in such a way as to alter its sense, will also be returned, but no reimbursement will be made for errors in ordinary or unrepeatable messages.

Should a telegram fail to reach its destination owing to any neglect on the part of the telegraph service, the charge for its transmission will be refunded.

The receiver of a message may present a claim for reimbursement on behalf of the sender.

Telegrams can be accepted for the following places in

South America, to be transmitted via New York and the West Indies. They are forwarded by telegram to Panama thence by post to Lima or Callao, and then telegraphed to destination. The words "Mail Panama Wire Lima" must be inserted and paid for as far as Panama, but are not charged for beyond. The charge will be as follows—(1). The rate from Panama to London, 11s. 6d. per word.
