PREFACE.

Publisher, in presenting this, the 24th issue of SANDS'S SYDNEY AND SUBURBAN DIRECTORY, takes great pleasure in calling the attention of Subscribers and the General Public to a great improvement that has taken place in the present Edition.

The utmost attention has been paid by the Compiler to the proper classification of the Professions and Trades. The headings under which they are now arranged comprise a list of 875, or 100 more than any previous issue.

The enormous increase of population and growing importance of the Suburban Municipality rendered it advisable that the names in every suburb, instead of being placed alphabetically, should be arranged in street form, the same as the City.

Parramatta, Granville, Rookwood, Concord, and West Botany are now added to the list of suburbs, with a full description of their Boundaries, list of Aldermen, Officers, and much valuable information concerning them as will be found most useful to the general Public; so that some 1,000 names not hitherto collected, have been added, entailing a large extra expense which, the Publisher feels confident, will be duly appreciated.

The Publisher, in tendering his sincere thanks to those gentlemen connected with the various Government Department, Public Institutions, Municipal Councils, Trade Associations, &c., for their courtesy in supplying much valuable information, trusts that the liberal patronage hitherto bestowed on his efforts will be extended to this, the 24th issue of his Directory, and as it circulates throughout the whole world, he can confidently recommend it, not only as one of the most reliable works of its kind for reference, but as the best advertising medium in the Colony.

374 George Street, January, 1884.

SANDS'S COUNTRY DIRECTORY AND GAZETTEER OF NEW SOUTH WALES 1884, is now in course of compilation, and will be the most complete work attempted in New South Wales, &c., £2.

It will comprise a complete description of each District and Post Town, with a list of Settlers, Graziers, Farmers and Tradespeople, classified under their various headings, which will prove a great advantage to the general Public and a boon hitherto unobtainable.

As an Advertising Medium it is unequalled, for it will be one of the most useful books on the Colony ever published, and will be found so valuable a work that no merchant, professional man, tradesman should be without a copy in their office.

PREFACE

The Publisher, in presenting this, the 24th issue of SANDS'S SYDNEY AND SUBURBAN DIRECTORY, takes great pleasure in calling the attention of Subscribers and the General Public to the great improvement that has taken place in the present Edition.

The utmost attention has been paid by the Compiler to the proper classification of the Professions and Trades. The headings under which they are now arranged comprise a list of 376, being more than any previous issue.

The enormous increase of population and growing importance of the Suburban Municipalities rendered it advisable that the names in every suburb, instead of being placed alphabetically, should be arranged in street form, the same as the City.

Warramatta, Granville, Rookwood, Concord, and West Botany are now added to the list with a full description of their Boundaries, list of Aldermen, Officers, and much valuable information concerning them as will be found most useful to the general Public; so that some names not hitherto collected, have been added, entailing a large extra expense which, the Editor feels confident, will be duly appreciated.

The Publisher, in tendering his sincere thanks to those gentlemen connected with the various Government Departments, Public Institutions, Municipal Councils, Trade Associations, &c., for their ready and liberal supply of much valuable information, trusts that the liberal patronage hitherto shown to his efforts will be extended to this, the 24th issue of his Directory, and as it is known throughout the whole world, he can confidently recommend it, not only as one of the best works of its kind for reference, but as the best advertising medium in the Colony.

George Street, January, 1884.

SANDS'S COUNTRY DIRECTORY AND GAZETTEER OF NEW SOUTH WALES 1884, is now in the course of compilation, and will be the most complete work attempted in New South Wales.

It will comprise a complete description of each District and Post Town, with a list of the Clergymen, graziers, farmers and tradespeople, classified under their various headings, which will prove a great advantage to the general Public and a boon hitherto unobtainable.

As an Advertising Medium it is unequalled, for it will be one of the most useful books ever published, and will be found so valuable a work that no merchant, professional man, or tradesman should be without a copy in their office.

ROWLANDS' ODONTO

Is the best, purest, and most fragrant preparation for the teeth. Health depends in a great measure upon the soundness of the teeth and their freedom from decay, and all dentists allow that neither washes nor pastes can possibly be as efficacious for polishing the teeth and keeping them sound and white as a pure and non-gritty tooth powder; such Rowlands' Odonto has always proved itself to be.

ROWLANDS' MACASSAR OIL

Preserves, strengthens, and beautifies the hair; it contains no lead or mineral ingredients, and can now be also had in a golden colour, which is especially suited for fair or golden-haired children and persons. Four sizes.

ROWLANDS' KALYDOR

Is a most cooling, healing, and refreshing wash for the face, hands, and arms, and is perfectly free from any mineral or metallic admixtures; it disperses freckles, tan, prickly heat, redness, pimples, &c.

ROWLANDS' EUPLYSIA

Is a botanical wash for cleansing the hair and skin of the head from all impurities, scurf, or dandruff; the application of the Euplysia (which is perfectly innocent in its nature) should be made on retiring to rest at night, a practice that will render the morning use of Rowlands' Macassar Oil increasingly effective, both as to health and beauty of the hair.

ROWLANDS' EUKONIA

Is a beautifully pure, delicate, and fragrant toilet powder, and has lately been much improved. Each box has inside the lid a certificate of purity from Dr. Redwood, Ph.D., F.C.S., &c. Sold in three tints; white, rose, and cream.

ROWLANDS' ESSENCE OF TYRE

Produces immediately a perfect change in red or grey hair, whiskers, and eyebrows, to a glossy and permanent brown or black, which colour neither washing nor perspiration will remove.

Ask any Dealer in Perfumery for ROWLANDS' articles, of 20, Hatton Garden, London, and avoid spurious, worthless imitations.
