It is obligatory upon the parents or guardians of all children between the ages of six and fourteen years (unless just cause of exemption can be shown) to cause children to attend school for a period of not less than seventy days in each half-year. But any of the following reasons shall be held to be a just cause of exemption:—

That the child is being regularly and efficiently instructed in some other manner

That the child has been unable to attend school from sickness or infirmity, or from fear of infection or other unavoidable cause

That there is no school maintained under this Act within two miles by the nearest road of the residence of the child

That the child has been educated up to the standard of education required

Any parent or guardian who shall neglect to send his children to school without just cause of exemption may be summoned by any person appointed for that purpose by the Minister before two or more justices in Petty Sessions assembled, and on conviction of the first offence shall forfeit and pay a sum not exceeding five shillings, and for every succeeding offence a sum not exceeding twenty shillings; and in default the person so offending may be imprisoned for a term not exceeding seven days

Per British India Company via Torres Straits ..

Letters addressed to Turkey and Syria will be forwarded in the Mail for Suez, for transmission thence by French packets to Jaffa upon prepayment of the rates specified in Table A.

Letters posted without being marked to be forwarded by any special route, or posted without sufficient postage for the route marked thereon, will be sent at the discretion of the Department.

All correspondence for the Continent of Europe must be distinctly marked for the route by which it is intended to be sent. If not so marked, and not having sufficient Postage Stamps to prepay it to destination by the most expeditious route, it will be forwarded by the route for which it is sufficiently prepaid. But if the stamps thereon are not enough to send it as a paid letter by any route, it will be dealt with as wholly unpaid.

Postmasters are expected to see that all Registered Letters for the Continent are properly prepaid, and the route endorsed thereon before registering, as failure in these respects renders them liable to be charged with the deficiency.

VIII.—PREPAYMENT OF POSTAGE.

The postage upon all letters, packets, and newspapers must be prepaid by affixing stamps thereon. But where any Postmaster shall not have stamps of the requisite value for sale, the postage may be paid in coin, and shall be acknowledged by such Postmaster on the face or cover of the letter, packet, or newspaper.

Town and country letters or packets bearing one postage stamp will be regularly transmitted; but double the amount of postage omitted to be paid, will be charged on delivery.

Letters addressed to certain places beyond the colony (vide Table A) (and in some cases of Foreign countries sent through England) will be forwarded even if posted wholly unpaid.

Letters addressed to the United States, Canada, Honolulu, Hong Kong, and China, will be forwarded if a single rate is prepaid, the deficient postage together with a fine equal to a single rate being charged on delivery.

Letters for all places not specially excepted as above, not bearing a single rate, will be returned to the senders.

IX.—EXEMPTION FROM POSTAGE.

Members of the Executive and Legislative Councils, also of the Legislative Assembly, may receive, by the post, Petitions and Addresses to Her Majesty and to His Excellency the Governor, and Petitions addressed to either the Executive or Legislative Council, or the Legislative Assembly, not exceeding thirty-two ounces in weight, exempt from postage. Provided such Petitions and Addresses be sent without covers, or in covers open at both ends.

XI.—REGISTRATION OF LETTERS.

Any person can have a letter registered by affixing on it, by means of the proper stamps, the amount of registration fee, in addition to the proper postage, and presenting it at a Post Office during office hours, when a receipt for the same will be given, and every precaution will be adopted to insure its safe delivery by entering it on the Letter Bills, and obtaining a receipt for the same on delivery. As the Post Office, however, is not responsible for the loss of any letter, whether registered or otherwise, parties sending blank notes or drafts are advised to take the numbers and particulars, and to cut such notes or drafts in halves, and to send them by different posts.

XII.—LATE LETTERS.

Late Letters for despatch inland, bearing a Late Fee of 2d. in addition to regular postage, will be received at the General Post Office as follows :—

Western District, as far as Penrith, Daily, 4 to 4:15 p.m.
Do beyond Penrith, Daily, 6:30 to 7:15 p.m.

Southern District, as far as Goulburn, Daily, 8:30 to 8:45 a.m.

Southern District, for all places beyond Picton, Daily, 7 to 7:30 p.m.

Northern District, for Grafton steamers, 8 to 8:15 p.m.
Do for Hunter River steamers, 9:30 to 9:45 p.m.

For Coastwise steamers, 15 minutes after the time fixed for closing mail.

A special arrangement permits of the reception of Late Letters for places within the Colony at the letter box on the despatching side of the Redfern Railway Station, for places beyond Penrith or Picton, up to 7:55 and 8:25 p.m. respectively, and in the Mail Van letter boxes up to 8 and 8:30 p.m. Letters posted in these receivers must bear the late fee of 2d. in addition to the ordinary postage, otherwise they will not be forwarded until next post.

At Country Post Offices, Late Letters can be posted to within a quarter-of-an-hour of the time of despatch of the Mails, on payment of a late fee of 2d. In certain cases letters can also be forwarded, if posted (with a Late Fee of 2d.), between the hours of 9:30 and 9:45 p.m. All Late Fees must be paid by stamps.

Late letters, intended for despatch by the Intercolonial Mails, will be received for a quarter-of-an-hour after the

time fixed for the closing of the Mails; but such letters must each bear an extra three-penny stamp as a Late Fee, or they will not be forwarded.

Letters placed on board steamers or sailing vessels for any of the Australasian Colonies after the Mails have closed at the General Post Office, should bear the ordinary postage rate, with a late fee of 3d., and if not fully prepaid, the deficiency will be charged on delivery.

XIII.—LETTERS CONTAINING GOLD TRANS-MITTED WITHIN THE COLONY.

2. Newspapers received from beyond the colony, *attached in monthly parts*, are, when re-posted, subjected to the charge of one penny for every number contained therein.

3. Newspapers for the United Kingdom are chargeable with one penny each, if intended for transmission by Mail Packet, *via* San Francisco, or per direct ships. Newspapers for the United Kingdom, intended for despatch *via Brindisi*, must bear 2d. each, not exceeding 5 ozs. in weight, and 1d. extra for every additional 4 ozs., or fraction of 4 ozs.

4. Newspapers for British colonies and foreign countries, sent through the United Kingdom, &c., are subject to the rates of postage shown in table A.

5. Newspapers for the neighbouring colonies, and for all places which are not liable to postage under Table A, are transmitted free of charge, (provided they are papers published in New South Wales, and not over 7 days old), and all newspapers from such places received in the colony are delivered without charge.

6. The postage chargeable on newspapers must be paid by affixing stamps of sufficient value, and no newspaper will be forwarded unless it bears the full amount of postage.

7. Newspapers, on being re-directed by postmasters, are not liable to additional postage.

8. Newspapers may be posted at the General Post Office for the West and South to 7.30 a.m. and 3 p.m.; and for the North by 6 p.m.

3rd. Envelopes provided by the Post Office Department, with the proper stamp thereon, will be substituted for any which may be spoiled in the operation of stamping.

4th. No fee is charged for stamping.

5th. No commission is allowed on envelopes stamped for licensed vendors.

6th. Payment for impressing envelopes to be made in advance.

Envelopes for registration purposes, with embossed registration stamp, 4 in. x 2½ in. and 4 in. x 3 in.—4d. each.

Arrangements have been made by which firms, &c., may print their names on the back of postage stamps, or perforate their initials in each stamp by means of any machines submitted to and approved of by the Postmaster General. Postage stamps so marked must not be purchased by any postmaster or other persons, as the object of placing a private mark thereon is to prevent stamps being stolen and sold.

Stamps with the letters "O.S." marked thereon in black are issued for the use of Government officials, under the following regulations:—

1. Postage stamps having the letters "O.S." printed thereon are only available for official letters, the envelopes of which must bear the endorsement "O.I.M.S." with the name of the Department (or Branch thereof) from which they are sent, in the corner; or, in the case of letters addressed to a Department, the name of the sender written in the corner; and, in default of this being done, letters stamped with "O.S." stamps will be opened, under the provisions of the Postage Act, and returned to the senders.

2. Under no pretext whatever will these stamps be supplied to postmasters or be sold by postmasters, or be purchased or exchanged for other stamps at any post office.

3. Public officers in the country will not be able to procure "O.S." stamps from the country postmasters, but can obtain them from the Head of their Department in Sydney, to whom they will be supplied on requisition in the usual manner.

BOOK PACKET REGULATIONS

1. A book packet may contain any number of separate books or other publications (including printed or lithographed letters, bank pass books, returns, deeds, affidavits, policies of assurance, depositions, recognizances, powers of attorney), photographs (when not on glass or in cases containing glass or any like substance), drawings, prints, maps, and any quantity of paper, or any other substance in ordinary use for writing or printing upon; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. Further, all legitimate binding, mounting or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, pens or pencils, in the case of pocket books, &c., and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto, but the binding, rollers, &c., must not be sent as a separate packet. Provided that no packet containing valuable money enclosures (such as cheques, drafts, bank notes, &c.), can be transmitted at book packet rates of postage, but must be paid for as a letter.

Circulars, i.e., letters which are intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed, may also be sent by book post.

2. A book packet may not contain any letter, or communication of the nature of a letter (whether separate or otherwise), unless it be a circular-letter or be wholly printed; nor any enclosure sealed or closed against inspection; nor any other enclosure not allowed by Rule 1. If this rule be infringed, the entire package is charged as a letter.

* Entries merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

† It is the duty of Postmasters, whenever they have ground for suspecting an infringement of any of the above conditions and occasionally, even when there is no ground for suspicion, to open and examine book packets posted at, or passing through their office.

3. A book packet may be posted either without a cover (in which case it must be fastened whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover sufficiently open at both ends as to admit of the contents being easily withdrawn for examination; otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with string, Postmasters being authorized to cut the string in such cases, although if they do so they must again tie up the packet. *The foregoing will not apply to official returns forwarded from one Government officer to another, which may be transmitted in closed covers, pro-*

vided the covering envelope bears an endorsement signed by the sender, that the packet contains "Official Returns only."

† In order to secure the return of book packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus, "From _____ of _____."

4. No book packet may be above sixteen ounces in weight, nor above two feet in length, one foot in width, or one foot in depth, unless it be sent to or from one of the Government Offices. The limit of weight is not the same to all countries. For particulars see Table A.

5. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book packets may be kept back till the next dispatch or delivery.

6. Any packet posted in fraud or violation of the Post Office Statute or Regulations, or of any Act of the Customs, or containing any letter or epistolary communication, or having less than one rate prepaid as a packet not exceeding two ounces in weight, or which shall have no postage, or less than one rate of postage, in accordance with the rate chargeable thereon, or shall contain or have on the outside thereof, any profane, obscene, or libellous address, signature, picture, or thing, must be sent to the Dead Letter Office forthwith.

7. Packets containing returns of births, baptisms, marriages, and deaths may be transmitted unstamped, the postage being paid upon delivery, if marked as containing such returns only, and signed by the clergyman or the District Registrar transmitting them.

INLAND CARD POST

Post Cards, whether Official or Private, being each impressed with a penny stamp, may be transmitted between places in the Colony of New South Wales, under the following conditions and regulations:—

1. The front or stamped side of the card to be for the address only, in addition to the words "Post Card." There must be nothing else written, printed, or otherwise impressed on the front side of the card, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached; nor may the card be folded, cut, or in any other respect altered. If any of these conditions be infringed, the card will be charged 2d. on delivery.

2. No card other than those issued by the Government, or a private card impressed with a penny stamp, under the special authority of the Postmaster General, will pass under a penny stamp, if it bear on it a written communication of the nature of a letter.

3. Should a Post Card be observed to bear upon it anything of an obscene, libellous, or otherwise obviously objectionable nature, it will not be delivered.

4. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post Cards may be kept back until the next despatch or delivery.

Official Cards will be sold at the rate of one penny each.

The impressed stamp of a postal card cannot be used as a postage stamp.

For information as to the conditions under which printed cards may be impressed, application can be made to the Secretary to the Post Office.

Reply Post Cards, that is, double cards, each half of which has a penny stamp impressed thereon, one-half being intended for use by the sender, and the other by the addressee in transmitting a reply, may be purchased for 2d. each, and are available for transmission between all places in the Colony of New South Wales.

Postmasters must keep a stock of cards for sale.

Post Cards posted for places beyond the Colony will be treated as letters when bearing additional postage necessary, in adhesive stamps, to the 1d. impressed stamp.

PATTERN AND SAMPLE POST REGULATIONS

1. The Pattern and Sample Post is restricted to *bona fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

* As considerable misunderstanding exists as to the intention of this regulation, it is deemed necessary to explain that the only object of it is to afford certain trade facilities, not to provide for the general conveyance of articles of merchandise from any one individual to another. For instance, under this clause as it now stands any merchant or warehouseman can send a pattern or sample (even if it has an intrinsic value) to any other merchant or warehouseman for the purpose of aiding in the disposal of a quantity of the articles so sampled; but it is not intended that any merchant or warehouseman shall under this regulation send through the post any article sold to a purchaser. In working this regulation, obviously much must be left to the honesty of the persons making use of this post as regards the articles being *bona fide* patterns or samples, but Postmasters and others can in most cases readily decide whether an article sent is likely to be a sample from one merchant or warehouseman to another, or an article sent in execution of an order from one individual to another.

2. Patterns or samples, when practicable, must be sent in covers open at the ends and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind (but such articles only), may be posted enclosed in boxes, or in bags of linen or other material fastened in such a manner that they may be readily opened; or, in the case of samples of seeds, &c., in bags entirely closed, provided such closed bags are transparent, so as to enable the Officers of the Post Office readily to satisfy themselves as to the nature of the contents.

† In order to secure the return of pattern packets which cannot be delivered, the name and address of the senders should be printed or written *outside*; thus, "From ——— of ———."

3 There must be no writing or printing upon or in any packet except the address of the person for whom it is intended, the address of the sender, a trade mark or number and the price of the articles.

† Patterns or samples of merchandise for transmission by post within the Colony can be accompanied by a printed descriptive catalogue or a printed advertisement from the senders, provided the ends of the packet are left open for inspection of contents, and they are otherwise posted in accordance with the Pattern and Post Sample Regulations.

Both the book packet and the pattern sample postage rates will be chargeable on this description of matter, viz:

Not exceeding 2 ozs. 2d
And 2d. extra for every additional 2 ozs. or fraction of ozs

4. Packets containing samples or trade patterns above sixteen ozs. in weight, or exceeding two feet in length, one foot in width, or one foot in depth (unless it be sent to or from one of the Government Offices), or reasonably suspected to contain articles likely to injure the other portions of the mail, or the person of any officer or servant of the Post Office, may be refused. The limit of weight is not the same to all countries. For particulars see Table A.

5 Packets containing seeds, not sent as samples, may be forwarded as inland packets only; such packets must not, however, exceed eight ounces in weight, and must be packed in the manner described in Regulation 2

6 Any packet posted in fraud or violation of the Post Office Statute or Regulations, or of any Act of the Customs, or containing any letter or epistolary communication, or having less than one rate prepaid as a packet not exceeding two ounces in weight, or which shall have no postage, or less than one rate of postage, in accordance with the rate chargeable thereon, or shall contain or have on the outside thereof any profane, obscene, or libellous address, signature, picture, or thing, must be sent to the Dead Letter Office, forthwith

DELAYED TELEGRAMS.

Telegrams marked "DELAYED" may be handed in at any local station during business hours, to be sent at half the ordinary rates within the Colony, such Telegrams to be transmitted after the close of the day's business.

TELEGRAMS FORWARDED BY POST

Telegrams posted at any Post Office (which is not also a Telegraph Station) in the Colony will be forwarded by first mail to the nearest Telegraph Office, and be transmitted thence by wire to destination, provided unobliterated postage stamps are affixed to the form on which the message is written (in the place provided for the purpose) sufficient in value to defray the cost of the message, and that the message be enclosed in an envelope prepaid with the requisite amount of postage, and directed to the Telegraph Station Master at—(give the name of the nearest Telegraph Station, which can be obtained from the Post Master on enquiry). All Telegrams for Post

must be written in a clear and legible manner on the form specially provided, and in accordance with the printed instructions on such form. Telegrams addressed to Post Towns to which there is no telegraphic communication will be transmitted by wire to the nearest Telegraph Station and forwarded thence to destination by first Post without additional charge.

DELIVERY OF TELEGRAMS

All ordinary telegrams will, as a rule, be delivered, as in England, without receipts, and generally through the Post Office, so far as the City of Sydney is concerned. In connection with this change the following will be the arrangements:—

1. All telegrams marked "Urgent," and all cablegrams will be delivered, as at present, by foot or mounted messengers, and receipts will be taken as usual, with the exception of those arriving overnight, which will be placed in the private boxes for the morning delivery.

2. All other telegrams addressed to persons within the boundaries of the City will, as a rule, be delivered through the post, either by means of the private letter-boxes or the ordinary deliveries by letter carrier.

3. Notwithstanding the foregoing, it will be understood that the Superintendent Officer will use his discretion in delivering telegrams with every despatch by means of the mounted messengers in all cases where the message appears to be of an important or urgent character, whether so marked or not. Persons wishing, however, to have their ordinary telegrams delivered by messenger, as at present, can have this done by communicating their wishes to that effect to the Superintendent of Telegraphs.

REGULATIONS.—NEW SOUTH WALES DEPARTMENT

1.—Messages must be written with ink in a clear and legible manner on the forms provided for that purpose, and must bear a proper date and address; the signature of the sender in each case being required in authentication of the Message, and as subscribing to the conditions imposed. All figures must be written in words

2.—As a general rule all Messages are to be prepaid; but in cases of emergency or distress persons may be allowed to send Messages to be paid for by the receiver

3.—Payment of charges in advance will be required, except for replies to interrogatory Messages on which the sender has written "Reply paid here." No charge will be made for date, address, or signature of the Message

4.—Messages will be delivered free within one mile of the Office; over that distance portage or cab hire will be charged, and boat hire on Messages to be delivered on ship board. Telegrams requiring to be delivered by special messenger will only be accepted subject to the Department being able to procure such messenger; and in all cases telegrams will be forwarded at the sender's risk

5.—Where an immediate reply to a Message is required, the sender of such Message is requested to append the words "Reply by Telegraph." The Messenger charged with the delivery of the Message will then be directed to wait five minutes for the reply, in order to facilitate its transmission to the sender of the Message

6.—Messages can be transmitted in cypher at fifty per cent. above the ordinary rate of charges. Cypher words must not consist of more than three syllables

7. In order to provide against mistakes in the transmission of Messages by the Electric Telegraph, every Message of consequence ought to be REPEATED by being sent back from the Station at which it is to be received to the Station from which it is originally sent. Half the usual price for transmission will be charged for repeating the Message. The Government will not be responsible for mistakes in the transmission of unreported Messages, from whatever cause they may arise; nor will the Government be responsible for mistakes in the transmission of a repeated Message, nor for any delay in the transmission or delivery, nor for non-transmission or non-delivery of

LIVERPOOL AND LONDON AND GLOBE INSURANCE CO., (Vide Advt. Page 24.)

any Message, whether repeated or unrepeatd, to any extent above £5.

8. Except in cases of emergency, illness, &c., or Messages on the service of the State, Messages will be transmitted in the order in which they are received; and all Messages will be held strictly confidential.

9. If from any circumstances a Message is not sent within a reasonable time sufficient to destroy the value of the despatch, the Clerk is instructed to give the person sending the Message, information of the fact, with the reason of the delay; it will then be optional with the person to withdraw such Message, and receive back the amount paid.

10. No application for copies of Messages after delivery will be entertained, unless at the request of the sender, or the person to whom the Message is addressed; and in all cases the Superintendent will require satisfactory reasons for the application.

11. Messages will be kept in the strict charge of the Superintendent for the space of TWO YEARS, after which they will be burned in the presence of the Superintendent.

12. Offices will be kept open for the transmission of Messages, from 9 a.m. to 8 p.m., Sundays excepted.

13. Inquiries respecting Messages cannot be entertained unless copies are produced.

PUBLIC HOLIDAYS.

The Electric Telegraph Offices throughout the Colony on Public Holidays, are open from 9 a.m. to 10 a.m., and between the hours of 6 p.m. and 8 p.m., except offices, marked thus † which are only open from 9 to 10 a.m.

THE NEW SOUTH WALES TELEPHONE SYSTEM

Scale of charges:—

Applications for connection with the Telephone System, through the Central Exchange or otherwise, should be forwarded to the Superintendent of Electric Telegraphs, General Post Office, Sydney, when estimates of the cost of connection will be duly furnished.

The work will be carried out by the Government at the expense of the applicant, who will also have to bear the cost of the instrument or instruments, which must, in all cases, be of the manufacture recommended by the Department.

Each subscriber will be required to pay, in advance, a maintenance fee at the rate of £5 per mile, or fraction thereof, per annum.

The firms are connected by Telephone with the Central Telephone Exchange, General Post Office, Sydney, which is open day and night, including Sundays and holidays.
