PREFACE.

THE Publisher wishes to call attention to this brief explanatory introduction with a view to assisting the public to more readily ascertain in the DIRECTORY the information required.

The ALPHABETICAL SECTION (page 349 to 698) contains the names of all the business, professional and private persons in Sydney and the Suburbs, carefully collected by experienced agents, and arranged in strictly alphabetical order, with the exception that, among entries commencing with the same surname, Public bodies and Institutions, &c., are placed first; next come the names of firms, then the names of individual traders, and, lastly, private persons.

The CITY STREET DIRECTORY (page 1 to 124) is arranged alphabetically according to Streets, with the intersections and terminals inserted, which, besides its general usefulness, should enable persons to easily trace any obscure street in the City or Suburbs.

The SUBURBAN DIRECTORY (page 125 to 347) is arranged as nearly as practicable upon the same lines as the City Streets. The great difficulty experienced by the agents in finding many of the residences, and, when found, obtaining reliable information, may have caused a few errors to creep in; consequently the Publisher cannot undertake to give explanations or reasons why any particular name may have been omitted. It will be found that Auburn, Hurstville, Kogarah and Prospect and Sherwood have been added to this year's list.

The TRADES AND PROFESSIONAL DIRECTORY (page 701 to 810) contains the names of trading and professional persons, arranged alphabetically under their respective headings. In previous issues the Legal and Medical professions, Banking and Educational Lists, &c., were mingled with the general miscellaneous information; but this year they are placed in their alphabetical order in the Trade Section, where they will be more readily found. To prevent unnecessary repetitions, where two or more trades are carried on by the same person, the name is not always repeated under each trade; but the reference at the head of the trade will denote that he is connected with that trade also. Any such repetitions will in future be charged for at the rate of two shillings each.

The MISCELLANEOUS DIRECTORY (page 814) contains Governmental and Parliamentary Lists, and Civil Offices with the departments under their control, and Naval, Military and Ecclesiastical information, kindly revised to date by Government and other officials, to whom the Publisher tenders his best thanks.

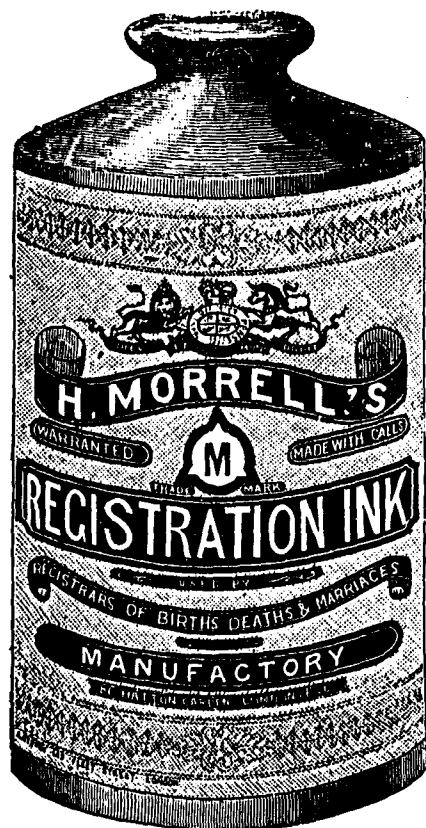

The latest arrangements of the POSTAL DEPARTMENT, including Telegraphic, Money Order and Telephonic information, with a list of the firms connected with the Telephone System of N. S. W., will be found at page 838 to 852, and a List of firms with fixed pay days (page 853).

The MAP presented with the work has been corrected and revised to the latest moment, and may be had separately either in plain sheet form or mounted on rollers.

Corrections for 1886 issue should be forwarded not later than the first week of October 1885. All communications in connection with the DIRECTORY to be addressed to the "Compiler," SANDS'S SYDNEY AND COUNTRY DIRECTORIES, George Street, Sydney.

ROWLANDS' ODONTO

Is the best, purest, and most fragrant preparation for the teeth. Health depends in a great measure upon the soundness of the teeth and their freedom from decay, and all dentists allow that neither washes nor pastes can possibly be as efficacious for polishing the teeth and keeping them sound and white as a pure and non-gritty tooth powder; such Rowlands' Odonto has always proved itself to be.

ROWLANDS' MACASSAR OIL

Preserves, strengthens, and beautifies the hair; it contains no lead or mineral ingredients, and can now be also had in a golden colour, which is especially suitable for fair or golden-haired children and persons. Four sizes.

ROWLANDS' KALYDOR

Is a most cooling, healing and refreshing wash for the face, hands, and arms, and is perfectly free from any mineral or metallic admixtures; it disperses freckles, tan, prickly heat, redness, pimples, &c.

ROWLANDS' EUPLYSIA

Is a botanical wash for cleansing the hair and skin of the head from all impurities, scurf, or dandruff; the application of the Euplysia (which is perfectly innocent in its nature) should be made on retiring to rest at night, a practice that will render the morning use of Rowlands' Macassar Oil increasingly effective, both as to health and beauty of the hair.

ROWLANDS' EUKONIA

Is a beautifully pure, delicate, and fragrant toilet powder, and has lately been much improved. Each box has inside the lid a certificate of purity from Dr. Redwood, Ph.D., F.C.S., &c. Sold in three tints; white, rose, and cream.

ROWLANDS' ESSENCE OF TYRE

Produces immediately a perfect change in red or grey hair, whiskers, and eyebrows, to a glossy and permanent brown or black, which colour neither washing nor perspiration will remove.

Ask any Dealer in Perfumery for ROWLANDS' articles, of 20, Hatton Garden, London, and avoid spurious, worthless imitations.
