PREFACE.

Difficulties which generally beset a person upon referring to a large DIRECTORY of appointment and annoyance consequent upon being unable to obtain the information at once, has led the Publisher to respectfully submit the following notice of Subscribers.

GENERAL INDEX (page vii) contains an alphabetically arranged list of the book. Immediate reference to this will save much trouble and waste.

ETHICAL DIRECTORY (page 391 to 824) contains the names of the public and private persons in Sydney and its suburbs, arranged in alphabetical order in the following sequence:—Where entries commence with the names of public bodies take precedence; next come the names of partnerships firms, then the names of individual business persons, and lastly private persons.

STREETS DIRECTORY (page 1 to 126) is arranged in alphabetical order, showing the intersecting and terminal streets and the numbers in each street at which crossing streets commence. This will be very useful in finding the whereabouts of obscure places.

CITY DIRECTORY (page 127 to 388 is printed) as nearly as possible upon the City Streets. The respective municipalities are shown in alphabetical order, their boundaries, rates and official lists collated up to date of collection. It is to be noted that a new municipality has been incorporated since last edition, under the name of Strathfield. It combines the two districts hitherto known as Homebush and Strathfield.

The TRADES AND PROFESSIONAL DIRECTORY (page 827 to 974) contains lists of the Trading and Professional community only (index of headings will be found at page xxiii). The collectors have experienced great difficulty in obtaining full and explicit information for this Section, therefore it has been considered expedient to classify according to instructions, placing a reference to similar trades under each heading.

The MISCELLANEOUS DIRECTORY (page 979 to 1027) includes Governmental and Parliamentary lists, Civil Offices, Naval, Military and Ecclesiastical information, kindly revised to date by Government and other officials, to whom the Publisher tenders his best thanks. The latest arrangements of the Postal Department, including Telegraphic, Money Order and Telephonic information, with a list of the firms connected with the Telephone System of N.S.W., will be found at page 1013, and a list of firms with fixed pay days at page 1022.

RAILWAY INFORMATION of a general nature is shown at page 1020.

The growing importance of the suburbs is this year recognised by the insertion of several beautifully engraved colored plans, prefacing their respective municipalities, the value of which will doubtless be fully appreciated. The annual presentation Map of Sydney and Suburbs has been corrected and revised to date; and may also be had separately, mounted or in plain sheet form.

Whilst thanking the subscribers and the public generally, the Publisher would point out the enormous increase in this edition, no less than twenty thousand names being added, and many new streets taken in. The whole of the information has been COLLECTED, COMPILED AND PRINTED BY A STAFF RESIDENT IN AND KNOWING THE CITY AND SUBURBS, therefore this edition should be as complete and reliable as it is possible to render so voluminous a work.

Corrections for 1887 edition should be forwarded not later than first week of October, 1886. All communications in connection with DIRECTORIES to be addressed to "Compiler," SANDS' DIRECTORIES, George street, Sydney.

PREFACE.

THE difficulties which generally beset a person upon referring to a large DIRECTORY and the disappointment and annoyance consequent upon being unable to obtain the required information at once, has led the Publisher to respectfully submit the following key for the guidance of Subscribers.

The GENERAL INDEX (page vii) contains an alphabetically arranged list of every item in the book. Immediate reference to this will save much trouble and waste of time.

The ALPHABETICAL DIRECTORY (page 391 to 824) contains the names of the business, professional, and private persons in Sydney and its suburbs, arranged in alphabetical order, and in the following sequence:—Where entries commence with the same surname—institutions and public bodies take precedence; next come the names of public companies, followed by partnership firms, then the names of individual business and professional people, and lastly private persons.

The CITY STREETS DIRECTORY (page 1 to 126) is arranged in alphabetical order of names of streets, shewing the intersecting and terminal streets and the numbers in main thoroughfares at which crossing streets commence. This will be very useful in tracing the exact whereabouts of obscure places.

The SUBURBAN DIRECTORY (page 127 to 388 is printed) as nearly as possible upon the lines of the City Streets. The respective municipalities are shown in alphabetical order, with their boundaries, rates and official lists collated up to date of collection. It will be noticed that a new municipality has been incorporated since last edition, under the name of Strathfield. It combines the two districts hitherto known as Homebush and Redmyre.

The TRADES AND PROFESSIONAL DIRECTORY (page 827 to 974) contains lists of the Trading and Professional community only (index of headings will be found at page xxiii). The collectors have experienced great difficulty in obtaining full and explicit information for this Section, therefore it has been considered expedient to classify according to instructions, placing a reference to similar trades under each heading.

The MISCELLANEOUS DIRECTORY (page 979 to 1027) includes Governmental and Parliamentary lists, Civil Offices, Naval, Military and Ecclesiastical information, kindly revised to date by Government and other officials, to whom the Publisher tenders his best thanks. The latest arrangements of the Postal Department, including Telegraphic, Money Order and Telephonic information, with a list of the firms connected with the Telephone System of N.S.W., will be found at page 1013, and a list of firms with fixed pay days at page 1022.

RAILWAY INFORMATION of a general nature is shewn at page 1020.

The growing importance of the suburbs is this year recognised by the insertion of several beautifully engraved colored plans, prefacing their respective municipalities—the value of which will doubtless be fully appreciated. The annual presentation Map of Sydney and Suburbs has been corrected and revised to date; and may also be had separately, mounted or in plain sheet form.

Whilst thanking the subscribers and the public generally, the Publisher would point out the enormous increase in this edition, no less than twenty thousand names being added, and many new streets taken in. The whole of the information has been COLLECTED, COMPILED AND PRINTED BY A STAFF RESIDENT IN AND KNOWING THE CITY AND SUBURBS, therefore this edition should be as complete and reliable as it is possible to render so voluminous a work.

Corrections for 1887 edition should be forwarded not later than first week of October, 1886. All communications in connection with DIRECTORIES to be addressed to "Compiler," SANDS' DIRECTORIES, George street, Sydney.
