THOMAS HUBBUCK & SON,
White Lead, Oil, Paint, & Varnish Works,
24 LIME STREET, LONDON.

HUBBUCK'S PATENT WHITE ZINC PAINT,

The most durable and beautiful Paint known. Is cheaper in use than White Lead, and is proved to be superior for all purposes than the pernicious Lead Paint, and equally adapted for all climates.

ITS WHITENESS IS UNAFFECTED BY BILGE WATER, BOILING SUGAR, OR NOXIOUS CASES.

It is free from any poisonous ingredient, and suited in all respects to the use of the Painter.

Each Cask of Pure White Zinc is stamped—"HUBBUCK PATENT CEMENT."

HUBBUCK'S PREPARED LIQUID PAINTS.

These Paints will be found of great advantage, being mixed ready for immediate use; no further preparation is needed. This prevents the waste of carrying stiff Paint Oil, Turpentine, etc.

HUBBUCK'S ANTI-CORROSIVE PAINTS.

The most valuable protection to iron roofs, bridges, piers, ships, and buildings exposed to tempestuous weather and scorching sun.

HUBBUCK'S ANTI-OXIDATION COMPOSITION.

For Coating Iron and Wood Ships' bottoms; a preservative against fouling and corrosion. This composition is ready for immediate use, and obviates the waste of carrying unmixt Paints, Oils, Driers, etc. It is also applicable to all the other purposes of paints.

HUBBUCK'S PALE-BOILED OIL,

Being much purer than raw linseed oil, is the only boiled oil that can be used for white and delicate-coloured Paints. It dries quick and hard, never blisters, and is more durable.

HUBBUCK'S BINNACLE AND COLZA OILS.

Prepared expressly for Ship's Lights, Lighthouses, etc.

HUBBUCK'S WHITE LEAD, COLOURS, OILS, AND VARNISHES

Properly packed for exportation.

HUBBUCK'S PAINTS, OILS AND VARNISHES.

Are the BEST, and therefore the CHEAPEST. Beware of COUNTERFEITS of their NAME and TRADE MARK

CAUTION.

Since the successful introduction of their Pale-Boiled Linseed Oil some dealers are selling colorable imitations as "Improved Boiled Oil," "ear Boiled Oil," etc. These imitations are not to be depended on, and only cause disappointment and loss.

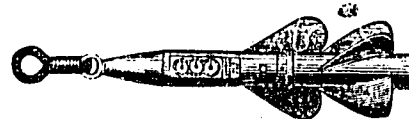

CONVICTION.

In April, 1873, a Native Dealer, at Hong Kong, was prosecuted and convicted of a fraudulent imitation of Hubbuck's Name and Mark, and of placing them on some spurious goods shipped from London.

WALKER'S HARPOON SHIP LOGS *And Sounding Machines.*

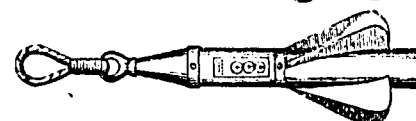

Patronised by the British Admiralty.

A1 HARPOON.

SHIP LOG.

A2 HARPOON.

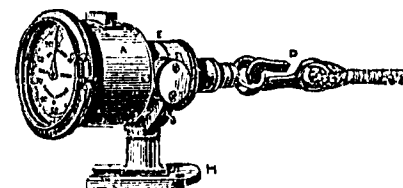

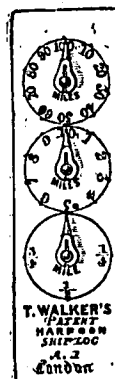

SHIP LOG.

Walker's A2 Harpoon Ship-Log is second only to the A1 pattern. It is more suitable for Steamers than Sailing Vessels.

CAUTION.

In consequence of the world-wide reputation of WALKER'S HARPOON SHIP-LOGS, spurious imitations have been introduced into the market, copying the external appearance in every detail.

Captains and Shipowners, therefore, who wish to possess a reliable instrument, the result of long experience, care, and personal attention of T. WALKER & SON, are reminded that the dial should bear the inscription "WALKER'S PATENT HARPOON SHIP-LOG," followed by "A1" or "A2," according to the kind, and in addition, the Rotator should have an anchor and T. W. stamped on every vane.

WALKER'S "CHERUB" SHIP-LOG

To Register on Deck.

Walker's "Rocket" Ship-Log, (registering on deck) specially constructed for Fishing Smacks.

Massey's Ship-Logs and Sounding Machines always in Stock.
