PREFACE.

THE difficulties which sometimes beset a person upon referring to a large DIRECTORY and the annoyance consequent upon being unable to find the required information at once, has led the Publisher to respectfully submit the following key for the guidance of the public.

The GENERAL INDEX (page VII) is an alphabetically arranged list of every item in the book. Immediate reference to this will save much trouble and time.

The ALPHABETICAL DIRECTORY (page 453 to 947) contains the names of the business, professional, and private persons in Sydney and its suburbs, arranged in alphabetical order, and in the following sequence:—Where entries commence with the same surname—institutions and public bodies take precedence; next come the names of public companies, followed by partnership firms, then the names of individual business and professional people, and lastly private persons.

The CITY STREETS DIRECTORY (page 1 to 131) is arranged in alphabetical order of names of streets, shewing the intersecting and terminal streets and the numbers in main thoroughfares at which crossing streets commence. This will be found very useful in tracing the exact whereabouts of small or obscure places.

The SUBURBAN DIRECTORY (page 132 to 451) is compiled, as nearly as possible, upon the lines of the City Streets. The respective municipalities are shown in alphabetical order, with their boundaries, rates and official lists collated up to date of collection.

The TRADES AND PROFESSIONAL DIRECTORY (page 949 to 1098) contains lists of the Trading and Professional community only (index of headings will be found at page xxvii). The collectors have experienced great difficulty in obtaining full and explicit information for this Section, therefore it has been considered expedient to classify according to the instructions given them, placing a reference to similar trades under each heading.

The MISCELLANEOUS DIRECTORY (page 1103 to 1174) includes Governmental and Parliamentary lists, Civil Offices, Naval, Military and Ecclesiastical information, kindly revised to date by Government and other officials, to whom the Publisher tenders his best thanks. The latest arrangements of the Postal Department, including Telegraphic, Money Order and Telephonic information, with a list of the firms connected with the Telephone System of N.S.W., will be found at page 1122, and a list of firms with fixed pay days at page 1162.

RAILWAY INFORMATION of a general nature is shown at page 1147.

Six new and beautifully engraved colored plans, prefacing their respective municipalities, are presented with this edition, the value of which will doubtless be fully appreciated. The annual presentation Map of Sydney and Suburbs has been corrected and revised to date; and may also be had separately, mounted or in plain sheet form.

Whilst thanking the subscribers and the public generally, the Publisher would point out the enormous increase in this edition, no less than twenty-two thousand names being added, and many new streets taken in. The whole of the information has been COLLECTED, COMPILED AND PRINTED BY A STAFF RESIDENT IN AND KNOWING THE CITY AND SUBURBS, therefore this edition should be as complete and reliable as it is possible to render so voluminous a work.

SPECIAL.—Corrections for 1888 edition should be forwarded not later than first week of October, 1887. All communications in connection with DIRECTORIES to be addressed to "Compiler," SANDS'S DIRECTORIES, George street, Sydney.
