Prepaid Replies

41. The reply to a message can be prepaid, the sender determining its length, *which must not exceed thirty words*. The indication 'reply prepaid,' or 'RP.' will have to be inserted before the receiver's address and paid for; this indication will represent the prepayment of a reply of ten words. If a longer or shorter reply be expected the number of words prepaid for the reply must be added thus, 'RP. fifteen,' or 'RP. five': this instruction counting as two words.

42. The sum prepaid for reply will be held for a period of six weeks at the disposal of the receiver of the original message to cover the cost of his reply.

43. Should the reply contain more words than have been indicated as prepaid, the sender of the reply must pay the excess charge.

44. If the original message cannot be delivered, or if the receiver refuses to send a reply, the delivery or terminal office will immediately advise the sending station, by a telegram,

which takes the place of a reply. If the receiver of an extra-European telegram does not wish to send a reply he may within six weeks after date, return the message form or other document to the delivery office, with a request that the amount prepaid for the reply shall be refunded to the sender. In this case the delivery office will notify the original station by post, and the sum deposited will be returned to the sender of the original message. No reimbursement will be made of the charge for a reply to a European message when one is not sent, and if fewer words are sent in the reply to an extra-European telegram than have been prepaid the difference will not be refunded.

Telegrams to Follow

45. European messages only may be directed to several addressees "to follow," thus, "John Smith, Bernerhof Berne, on Switzerhof Zurich, a faire suivre." The charge to the first addressee only is prepaid, the cost of its onward transmission being collected on delivery. *This rule is not applicable to extra-European messages.*

Multiple Messages

46. Messages may be addressed to several receivers in the same place, or to the same receiver at several residences in the same place.

47. Telegrams addressed to several receivers or to the same receiver in different towns are, in all cases, charged as so many separate telegrams.

48. Telegrams addressed to several persons in the same town or the same person at several addresses in the same town, with or without re-expedition by post will bear only a single charge, with an extra tax of fivepence for every copy not exceeding 100 words, and fivepence additional for every extra 100 words.

49. The sender of a multiple telegram may prepay the reply or replies which he wishes to receive, by inserting the words 'reply prepaid' or 'RP,' before the address of those receivers from whom he expects a reply.

Multiple messages are not accepted for North or South America.

Messages by Wire and Post.

50. Telegrams for places beyond the limits of the telegraph system must bear the indication 'express' or 'post paid' in the following form, 'express Miller, Steiglitz, Berlin,' 'post Orton, Mauritius, Aden,' the name of the terminal or delivery station being last stated

51. The public wishing to supplement or modify the contents of letters already despatched to despatched to distant places can address a telegram to their correspondents for transmission by wire to any port on the route, to be posted thence to destination; thus telegrams for India will be sent on board the mail steamers at Gibraltar, Malta, Suez, or Aden, if addressed in the following manner, 'post Smith, Calcutta, Gibraltar'; the Company will not, however, be responsible should any telegram fail to arrive in time to catch the steamer by which it is intended to be forwarded

Secret Letter Messages

52. Telegrams composed of secret letters (such as b x k l m) cannot be taken from the public for extra-European places.

Reimbursements

53. When an European message has suffered a delay of 48 hours, and an extra-European message a delay of 144 hours from any cause other than an interruption of the telegraph lines, the charges will be returned after investigation, provided they be applied for within two months after date in the case of an European message, and within six months after date in the case of an extra-European message.

64. The cost of a repeated or *Collationné* message, which has been mutilated in such a way as to alter its sense, will also be returned, unless the errors have been corrected by telegraph, but no reimbursement will be made for errors in ordinary or unrepeat messages.

As an exception to this rule, the cost of any word or words which may have been omitted in the transmission of an extra-European telegram, will be refunded unless the omission has been rectified by telegraph in the manner prescribed by article 87.

55. Should a telegram fail to reach its destination owing to any neglect on the part of the telegraph service, the charge for its transmission will be refunded. The liability of the telegraph service is, however, strictly limited to the cost of the message.

56. Every claim should be supported by documentary evidence—i.e., in case of non-delivery by a written statement from the terminal office or of the *addressee*; and in case of mutilation of a *collationné* telegram, or of delay, by the copy of the telegram actually delivered.

57. The receiver of a message may present a claim for reimbursement on behalf of the sender

NORTH AND SOUTH AMERICA

Messages for North America can be accepted for transmission by the cables of the Anglo-American, Direct United States, the Poyser-Quertier, the Western Union, or the Commercial Cable Company (Bennett-Mackay). The four first-named companies work together, and by arrangement all telegrams accepted for transmission by any one of the four routes are handled over at Porthurnow, near Penzance, Cornwall, whence they are telegraphed by the lines of the Western Union Company to destination.

Telegrams can also be accepted to go by the Bennett-Mackay cables, signalling in the preamble the words '*via* Commercial', these instructions passing free. The tariff by this route is 1s. or 1'25fa. per word to all parts of the United States and Canada. To South America and West Indies the tariff is 6d. per word dearer than that of the Anglo-American Company.

RAILWAY INFORMATION.

CONDITIONS AND GENERAL INFORMATION

GENERAL

TIMES OF TRAINS.—The times stated in the Time Tables are those at which it is intended, so far as circumstances will permit, the trains should arrive at, and depart from, the various stations ; but the Commissioner does not guarantee the departure or the arrival of the trains at the times stated, nor will he be responsible for delay or any consequences arising therefrom.

SUNDAY TRAINS.—On the Great Southern and Western lines no trains will run beyond Penrith on the west and Campbelltown on the south on Sundays, but the up mail trains leave Albury daily (Saturdays excepted), and Bourke every day *except Saturday*.

To prevent overcrowding and inconvenience only those persons intending to proceed by the train can be allowed on the platforms.

REFRESHMENT ROOMS.—The trains stop at Mittagong, Goulburn, Yass, Harden, Junee, Wagga Wagga and Albury on the Southern; Penrith, Mount Victoria, Bathurst, Wellington, and Nyngan on the Western; and Singleton, Murrumbidgee, Werris Creek and Armidale on the Northern lines, to permit of passengers obtaining refreshments. Scale of charges is exhibited in the rooms. The contractors are bound by the terms of their contracts to supply articles of the best description. Complaints of any kind which are not promptly attended to by the refreshment room attendants should be referred to the station-master.

SLEEPING CARS.—Sleeping cars are attached to the Southern and Western mail trains. Berths can be secured in advance for the down journey by letter or telegram addressed to the station-master at Sydney, or the central office, George street, Sydney, and for the up journey to the station-master at Albury or Melbourne for the Southern line, and to the station-master at Dubbo for the Western line. The charge for a sleeping berth by the express train is 12s. 6d.; by the mail trains the charges are :—Lower berths, 12s. 6d.; upper, 10s., in addition to the first-class fare in each instance.

SLEEPING CARS are, primarily, for the use of passengers requiring sleeping berths; passengers who only take seats therein must vacate them, and remove, either into another carriage or to other seats in the car, on receiving intimation from the guard or conductor, that the seats they occupy are required for sleeping berths.

SMOKING is not allowed on the railway premises nor in the carriages, except in those set apart for the purpose.

FIRE ARMS.—No person is allowed to enter a carriage or other vehicle with loaded fire arms.

GENTLEMEN are prohibited from entering any waiting room or carriage set apart for the accommodation of ladies.

PERSONS SOLICITING CUSTOM.—No person is allowed to come upon any railway premises for removing any passenger or luggage unless requested to do so by the passenger or railway officer, and no person is allowed to come upon such premises for the purpose of soliciting custom or hire.

DAMAGING PROPERTY.—Passengers are warned against damaging any carriage or its fittings, or any of the Commissioner's property, or removing or extinguishing any lamp. Any person so offending is liable to a fine of five pounds in addition to payment for the amount of damage done.

XYZW

PREVENTION OF ACCIDENTS.—The doors of all carriages are unlocked, and passengers are requested not to lean upon or open them. Any person stepping into or from any carriage or other vehicle when the train is in motion, is liable to be prosecuted for a breach of the by-laws.

Any person in a state of intoxication, or committing any offence, or gambling, or making use of indecent, insulting, or abusive language, or who shall wilfully interfere with the comfort of any passenger, or impede any railway officer while in the execution of his duty, is liable under the by-laws to a penalty of five pounds and to removal from the railway premises.

W. C. accommodation is provided on all mail trains and through passenger trains.

CHILDREN not exceeding three years of age are carried free; above three and not exceeding twelve are charged half fare.

TICKETS for all stations on the Great Southern, Western, and Northern lines, including steamer tickets for Newcastle, are issued at the Central Booking Office, Sydney, between 8 a.m. and 6 p.m. every week day; and, if required, may be obtained the day prior to that on which they are to be used.

Tickets are not transferable, and all persons are prohibited from selling or offering for sale, or purchasing a ticket of any kind purporting to entitle them to travel by railway, except at authorised booking offices.

PASSENGERS' TICKETS

Before taking their seats in the trains, passengers must provide themselves with tickets entitling them to travel thereby; and all tickets must be shown to the Commissioner's officers and servants and delivered up to them when required. Passengers not producing their tickets are liable to be charged from the most distant station from which the train shall have started, and anyone travelling without a ticket, with intent to defraud the Commissioner, will be liable to a penalty of two pounds. *No ticket* will be accepted that is mutilated, or is in any respect illegible.

Passengers are requested to procure their tickets before the arrival of the train at the station from which they intend proceeding, as no tickets will be issued after the arrival of trains at the platforms.

AT INTERMEDIATE STATIONS passengers are booked conditionally on there being room in the trains and in the class of carriage for which the tickets are granted. When there is not sufficient room for all, those booked for the longest journeys will have the preference, and those for the same distance will have priority according to the order in which they are booked.

TICKETS must only be used by passengers between the stations named thereon or to a station short of destination. All single tickets must be used on the date stamped thereon, and return halves of excursion and special excursion tickets within the prescribed time (see 'Excursion and Special Excursion Tickets'), otherwise they shall be deemed to be cancelled.

Passengers are prohibited from breaking their journey at an intermediate station and proceeding by a subsequent train with the same tickets, without the consent of the station master, and this will only be given when the circumstances under which it is necessary to break the journey have arisen subsequent to the purchase of the ticket. Re-booking at an intermediate station by the same train cannot be permitted.

Passengers are warned against travelling in a higher class of carriage than that for which they are provided with tickets.

EXCURSION TICKETS are issued on the Southern and Western lines by the mail trains on Friday evenings, and on Saturdays by all trains to and from all stations, available for return as follows:—For distances not exceeding 15 miles, on day of issue; from 15 to 200 miles, till the following Monday; and for distances over 200 miles, till the following Tuesday; over 300 miles, till the following Wednesday.

ON THE GREAT NORTHERN AND NORTH-WESTERN LINES Excursion Tickets are issued on Fridays by the up mail to Newcastle only, and on Saturdays by all trains to and from all stations, available for return as follows:—

Days of Issue.	Station to.	Distance.	Available for Return.
Fri. and Sat.	Newcastle	Following Tues.
Sat.	do.	All stations Not exceeding 15 miles.	Day of Issue.
Sat.	do.	Over 15 miles and up to 200 miles...	Following Mon.
Sat.	do.	Over 200 miles	Following Tues.
Sat.	do.	Over 300 miles	Following Wed.

Similar tickets are issued on Wednesdays to stations distant not more than 60 miles, available for return for distance of 15 miles and under on the day of issue, and for distances over 15 miles until the following day.

EXCURSIONS TO THE TOURIST DISTRICTS.—Excursion Tickets for these districts are issued at Sydney and suburban stations every day (Sundays excepted) by all trains, available for return for two months from date of issue. For the purpose of this regulation the tourist districts are limited to places between Picton and Moss Vale (inclusive) on the south; and Enn Plains and Bowenfels (inclusive) on the west.

SPECIAL EXCURSION TICKETS at 2d. per mile, first class, and 1d. per mile second class, are issued by the Saturday morning down excursion trains at all stations between Sydney and Campbelltown and Sydney and Enn Plains inclusive, to stations beyond these points; and similar tickets are issued by the Saturday afternoon down excursion trains to all stations at which the trains are timed to call south of Fairfield and west of Parramatta. These tickets are available for return by excursion trains on the same day, or by the Monday morning excursion trains within ten days. Ordinary single and excursion tickets are available by these trains. Passengers from suburban stations will go on to Granville, and join the excursion trains there.

In computing the time for which excursion or special excursion tickets are available, the day of issue is included; but in cases where the tickets expire on a day upon which a train does not run they will be available till the next day upon which a train does run.

SUBURBAN TICKETS.—For the convenience of suburban passengers, tickets are issued at two single fares for the double journey, to obviate the necessity of re-booking. These tickets

TICKETS LOST OR MISLAID.—The Commissioner does not undertake to refund money or make allowance for tickets of any kind alleged to have been lost or mislaid.

REGULATIONS FOR THE CARRIAGE OF PASSENGERS' LUGGAGE

The Commissioner will not undertake any liability in respect to the loss, miscarriage, detention, or non-delivery of passengers' luggage, carried or to be carried by railway, free or at excess rates, unless the owner thereof has complied with the following regulations:—

Luggage will not be received or carried, free or at excess rates, unless it has been delivered 15 minutes before the time of starting, to the station porter; to be weighed, paid for, and labelled accordingly, if the luggage is in excess; also to be labelled to the passenger's destination, and that the person paying such excess rates may obtain a receipt for the same; or, if the luggage is carried free, that he may require from the said porter a numbered check or checks for the said luggage, one check for each parcel; and the department will not be liable for any loss, detention, miscarriage, or damage through the neglect by passengers of these regulations, whether such neglect arise through insufficiency of time or other cause not attributable to the fault of the Department. In the case of excess luggage, passengers should obtain a receipt showing the number of the packages and the amounts they have paid.

It will devolve upon all passengers to see their luggage labelled and to claim it at the place of destination, and to prove the ownership by giving up the numbered check or checks for the same. Luggage put out of the van on to the platform will be delivered, if carriage free, as checks are presented, and if carried at excess rates, upon presentation of the receipt for the same. All luggage unclaimed will be held by the station master and will be forwarded to Sydney if not claimed within one week.

After checks are issued for luggage about to be carried free, no package or parcel will be delivered, even temporarily, at any station to the owner thereof, unless he has returned the check or checks for the same.

No officer or servant of the Department has authority to undertake any charge or responsibility in respect of luggage left temporarily at a station unless the same has been booked at cloak-room charges; or to place luggage in the van at the risk of the Department, or to take any responsibility in respect of the same, unless it has been checked or paid for at excess rates as above mentioned.

These regulations do not apply to parcels taken by passengers with them in the carriage at their own risk. But no luggage will be allowed in the carriages unless of such a size that it can be placed under or over the seat without inconvenience to other passengers.

For all purposes of ownership or delivery of luggage, free or at excess rates, the checks issued represent the parcels carried free, one check for each, and receipts for excess rates represent excess luggage; but both checks and receipts are transferable, and passengers are not bound to see in person after their luggage, either in paying for it, checking it before it is put in the van, or in obtaining delivery. Passengers may do this through any person not an officer or servant of the Department. But luggage will not be carried in the van at the risk of the Department unless these regulations have been complied with, nor, except as hereinafter provided, will luggage be delivered unless the checks or receipts for excess rates are produced; but any person producing them will receive the luggage as and for the owner.

Any person losing his checks or receipt for excess rates may be required, before he can obtain his luggage, to make a declaration to that effect, giving the numbers of the checks and a description of the luggage; also to guarantee the Department against any loss or claim from wrong delivery. And should the evidence as to ownership appear to the Department insufficient, it will be in the power of the Department to detain the said luggage.

No officer or servant of the Department is authorised to act as agent of the passengers in collecting checks or excess receipts at a station to obtain luggage from the guard. The passengers personally, or by their agents, must give up the same and claim delivery.

All unclaimed luggage kept at a station 12 hours after its carriage by railway will be charged double the ordinary cloak-room rate for each package, and the Department will sell the same if unclaimed after six months.

Passengers with luggage breaking their journey will do so at their own risk as to any delay in delivery thereof, unless they have directed the luggage to be labelled accordingly, since guards can only be guided by the labels as to the arrangement of luggage in the van. If a passenger from Sydney to Bathurst, for example, has his luggage labelled and checked thereto, yet breaks journey at Lithgow, the Department will not be responsible to put out his luggage there. Passengers who intend to break their journey should have their luggage labelled and checked accordingly before starting.

Receipts given to passengers for payment of excess luggage rates must invariably specify the number of parcels making up the luggage. Any infringement of this rule to be reported to the Traffic Manager.

It is optional with passengers to require checks according to these regulations; but should they delay or omit to do so, luggage will be entirely at the passengers' risk, whether lost, carried, or left behind.

A cloakroom is provided at all stations on the Government railways for the care of luggage, &c., for which a small charge will be made in accordance with the by-laws.

Servants of the Department are prohibited from receiving gratuities from the public, under pain of dismissal.

These regulations are subject to the general by-laws which limit the liability of the Department in the case of loss of any articles to ten pounds, unless the value of the same is duly declared, and an insurance charge over and above the railway charge for carriage shall have been paid at the time of the delivery of the articles at the station previous to their despatch.

First-class passengers are allowed 84 lbs., and second-class passengers 56 lbs. weight of personal luggage free of charge, but at owner's risk. All luggage in excess of these weights will be charged parcels rates. Furniture, live stock, or such other articles as the Traffic Manager or Station-master may consider objectionable, will not be accepted as passenger's luggage, but must be booked and paid for. In order to prevent mistakes, passengers are requested to see that every article of luggage is fully addressed and labelled, and that all old addresses and labels are removed.

Only such articles will be allowed to be taken into carriages as can be placed under the seats or in the nets.

COMMERCIAL TRAVELLERS' LUGGAGE.—Commercial travellers are allowed to carry free of charge (personal luggage or patterns only) 2 cwt., if a first, and 1½ cwt. if a second-class passenger. All luggage in excess of these weights will be charged full fares on down journey, and be carried free on up journey on production of railway receipts certifying that full rates have been paid on the down journey. The name of the firm must be branded on all packages. The Commissioner does not undertake to carry commercial travellers' luggage by passenger trains.

Excess luggage must always be prepaid before the journey is commenced, but in the event of this being omitted it must be collected at destination.

HORSES AND CARRIAGES

Will only be conveyed to and from such stations as have accommodation for loading or unloading.

Horse boxes and carriage trucks should be ordered at least twenty-four hours before they are required; and horses and vehicles must be at the station at least thirty minutes before the advertised time for the departure of the train by which they are to be despatched; but their despatch will not be guaranteed by any particular time or train.

No guarantee can be given to convey horses or vehicles by passenger trains, but when practicable this will be done, those for the longest journey having the preference.

Horses must be loaded by the sender, and unloaded within three hours after arrival by the consignee, otherwise they will be unloaded by the Commissioner, at a charge of 2s. for each horse.

Horses must be removed from the railway premises immediately after being unloaded, or if left, will remain at the owner's risk and expense, and may be sent to agistment or livery, the cost of which must be paid by the owner on demand as part of the authorised charges; and such stock, if not removed within seven days, may be sold by auction, by order of the Commissioner, and the proceeds applied in payment of all expenses incurred, and the balance thereof handed over to the owner on demand.

When a horse box is only partly occupied by a consignment, the Commissioner will have the right to fill it up to its full carrying capacity with other stock.

THOMAS HUBBUCK & SON,
White Lead, Oil, Paint & Varnish Works,
24 LIME STREET, LONDON.

HUBBUCK'S
PATENT
WHITE ZINC PAINT,

The most durable and beautiful Paint known. Is cheaper in use than White Lead, and is proved to be superior for all purposes than the pernicious Lead Paint, and equally adapted for all climates.

ITS WHITENESS IS UNAFFECTED BY BILGE WATER, BOILING SUGAR, OR NOXIOUS CASES.

It is free from any poisonous ingredient, and suited in all respects to the use of the Painter.

Each Cask of Pure White Zinc is stamped—"HUBBUCK PATENT CEMENT."

HUBBUCK'S PREPARED LIQUID PAINTS.

These Paints will be found of great advantage, being mixed ready for immediate use; no further preparation is needed. This prevents the waste of carrying stiff Paint, Oil, Turpentine, &c.

HUBBUCK'S ANTI-CORROSIVE PAINTS.

The most valuable protection to iron roofs, bridges, piers, ships, and buildings exposed to tempestuous weather and scorching sun.

HUBBUCK'S ANTI-OXIDATION COMPOSITION.

For Coating Iron and Wood Ships' bottoms; a preservative against fouling and corrosion. This composition is ready for immediate use, and obviates the waste of carrying unmixed Paints, Oils, Driers, etc. It is also applicable to all the other purposes of paints.

HUBBUCK'S PALE-BOILED OIL,

Being much purer than raw linseed oil, is the only boiled oil that can be used for white and delicate coloured Paints. It dries quick and hard, never blisters, and is more durable.

HUBBUCK'S BINNACLE AND COLZA OILS.

Prepared expressly for Ship's Lights, Lighthouses, etc.

HUBBUCK'S WHITE LEAD, COLOURS, OILS, AND VARNISHES

Properly packed for exportation.

HUBBUCK'S PAINTS, OILS AND VARNISHES.

Are the BEST, and therefore the CHEAPEST. Beware of COUNTERFEITS of their NAME and TRADE MARK.

CAUTION.

Since the successful introduction of their Pale-Boiled Linseed Oil some dealers are selling colorable imitations as "Improved Boiled Oil," "Clear Boiled Oil," etc. These imitations are not to be depended on, and only cause disappointment and loss.

CONVICTION.

In April, 1873, a Native Dealer, at Hong Kong, was prosecuted and convicted of a fraudulent imitation of Hubbuck's Name and Mark, and of placing them on some spurious goods shipped from London.

Cheapest and Simplest Pump made.

The special attention of Engineers and Steam users in the Colonies is called to the **VAUXHALL DONKEY PUMPS**, which are the only reliable Boiler Feeders in use. For less heights, other sizes with smaller steam cylinders can be supplied. These pumps can almost always be found in stock with importers in **MELBOURNE, ADELAIDE, SYDNEY, BRISBANE, AUCKLAND, WELLINGTON, and OTAGO.**

Over 10,000 of these Pumps are now in use on board Yachts and Steam Ships, in Breweries, Distilleries, Tanneries, Paper Mills, Cotton, Woollen and other Spinning Mills, Bleach Works, Dye Works, Chemical Works, Saw Mills, Collieries, Ironworks, Mines, and many other places where steam is used.
