GREAT TEST OF SKIDMORE'S SAFES,

In Huddersfield (England), before 1,500 persons.

Extract from the "Huddersfield Chronicle," of May 28, 1886.

The Agents of the Firm of **SKIDMORE & SON** held a **Great Test Against Fire**

In the Fair Ground, Huddersfield, on May 24, last year, of one of their ordinary 28-inch Fire-proof Book Safes. At ten o'clock, a.m., the safe was buried in an immense fire, consisting of one ton of wood and two tons of coal, and remained there for three hours. The heat of the fire was intense, being one mass of red-hot coals, and it was the general opinion that the test had been overdone, and that the contents of the safe, consisting of memorial cards and 2,000 envelopes and other documents, would be destroyed.

At one o'clock, before upwards of 1,500 persons, the members of the Police Fire Brigade, in the presence of the chief constable, extinguished the fire, and the safe was, after much difficulty, extricated from the debris and opened, and the whole of the documents were produced.

IN PERFECT CONDITION.
