

PREFACE.

JOHAN SANDS has again the pleasure of introducing his SYDNEY AND SUBURBAN DIRECTORY to the general public of Sydney and neighbourhood, and for their guidance would respectfully submit the following key in order to facilitate reference.

The GENERAL INDEX (page VI) is an alphabetically arranged list of every item in the book. Immediate reference to this would save much trouble and time.

The CITY STREETS DIRECTORY (pages 1 to 121), arranged in alphabetical order of names of streets, shewing where they commence, the intersecting and terminal streets, together with the numbers of the houses in the main thoroughfares. This will be found very useful in tracing the exact locality of the more obscure and smaller houses.

The SUBURBAN DIRECTORY (pages 121 to 457) is compiled on the lines of the City streets, as far as possible. The respective Municipalities and Suburbs are shewn in alphabetical order with their boundaries, together with the rates, official lists, &c., collated up to date of collection.

The ALPHABETICAL DIRECTORY (pages 458 to 870) contains the institutions, business, professional and private persons resident in Sydney and suburbs arranged in alphabetical order in the following sequence :—Where entries commence with the same surname institutions and public bodies take precedence ; next come the names of public companies, followed by partnership firms, then the names of individual business and professional people, and lastly private persons.

The TRADES AND PROFESSIONAL DIRECTORY (pages 871 to 1066) contains lists of the trading and professional community only. Index of headings will be found at pages xxix to xxxiii. As much difficulty is experienced in gaining full and accurate information for this Section it has been considered expedient to classify them according to the instructions given to the canvassers. A reference to similar trades being placed under each heading.

A list of leading European Manufacturers will be found at pages 1066 to 1068.

The MISCELLANEOUS DIRECTORY (pages 1069 to 1098) includes Governmental and Parliamentary Lists, Civil, Naval, and Military information, kindly revised to the latest dates by Government and other officials to whom the publisher tenders his best thanks

A list of firms connected with the Telephone Exchange (pages 1081 to 1092), will, no doubt, be found useful in business circles.

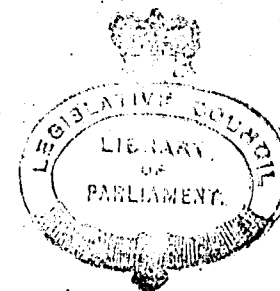

With this issue the publisher has the pleasure of presenting a beautifully-coloured Map of Sydney arranged in Wards, together with a complete Streets Index of same.

The Suburban Maps which have hitherto been presented with the work, will not be given this year, but can be obtained from Messrs. HIGINBOTHAM & ROBINSON of Wentworth Court, Elizabeth st. They comprise the boroughs of Concord, Drummoyne, Dundas, Five Dock, Ryde, and Woollahra

Whilst thanking the subscribers and the public generally, the publisher begs to say that the whole of the information has been COLLECTED, COMPILED, AND PRINTED BY A STAFF RESIDENT IN AND KNOWING THE CITY AND SUBURBS, therefore this edition should be as complete and reliable as it is possible to render so voluminous a work.

SPECIAL.—Corrections for the 1892 edition should be forwarded not later than the first week in October, 1891. Communications connected with DIRECTORIES to be addressed to "Compiler," SANDS'S DIRECTORIES, 374 George street, Sydney.

374 GEORGE STREET, SYDNEY,
January, 1891.

In purchasing a watch, for use and not for ornament, the first care is naturally to find one which is

ACCURATE, RELIABLE AND INEXPENSIVE.

These conditions are all fulfilled in the deservedly popular

Waterbury Watches.

THE testimony in their favor is overwhelming, their reputation unrivalled, their durability is assured, and their construction is simple and such that they rarely get out of order, while, in event of accident befalling one of them, it can be repaired at a trifling cost.

Series E, the "Old Favorite," is the lowest cost, accurate and enduring time-keeper in the world. Price 13s. 6d.

Series J, the "New Marvel," is a short-winding, stem-setting watch, jewelled in four holes with enamelled dial, seconds-hand and dust-proof bevel and back. Price 22s. 6d.

Series L, the "New Ladies' Waterbury," is a neat, elegant and accurate time-keeper, similar in construction to the Series J, but smaller and without seconds-hand—a perfect little gem. Price 22s. 6d.

The Agents of the Waterbury Watch Company have received thousands of testimonials from gratified wearers of these watches, all of which are written in similar strains to the following:—

CHARLES J. N. HONSTET, Esq., J.P., C.P.S., Mudgee, writes:—"I have much pleasure in stating that my Waterbury watch (a Series L) is, without exception, one of the best watches I ever owned, although I have had many more expensive. It is a reliable and excellent time-keeper."

Messrs. THOMSON BROS., Cordillera, write:—"It gives us great pleasure in stating that out of one hundred watches sold by us, only one has ever been returned, and this one was afterwards proved to have had unusually rough treatment. We can strongly recommend the Waterbury as a cheap and honest watch."

JOHN O. TRELAWNEY, Esq., Maidenhead, Tenterfield, writes:—"Having had a practical acquaintance with your watches for nearly five years, I beg to testify to their invariable accuracy in recording time. The paucity of the English language fails to furnish me with terms adequate to express my high approval of them."

Lieut. WM. WADDILOVE, R.N.R. Commander R.M.S. "Iberia," says:—"I beg to state that I have carried with me during the past two years one of the short-winding Waterbury watches. It has proved a most reliable time-keeper and I find it most useful at sea, as moving the hands about does not seem to effect its accuracy."

CAUTION.—Intending purchasers of the genuine article should note that every watch manufactured by the Waterbury Watch Co. has the word "Waterbury" printed in fine type upon the dial, and also the interlaced letters "W. W. Co.," without which no watch sold as a Waterbury is genuine.

To be obtained retail from any respectable storekeeper, and wholesale from leading mercantile houses throughout the colonies.

MISS VON FINKELSTEIN, of Jerusalem, Holy Land, wrote in Visitors' Book that our BATH is the best she has seen in the Colonies—the nearest in arrangement to the real Turkish Bath of the East, and attendance excellent; also that she would advise everybody to take at least two Turkish Baths a week if they want to be well and happy.—August 20th, 1888.
