No. 4 MODEL.

No. 4.

£24.

The Engineering Association of New South Wales, writes:—

"The 'Williams' was appointed the official typewriter at our late E. and E. Exhibition, and the Committee were very pleased with the work turned out. At the close of the Exhibition two of the Committee made an exhaustive examination of an old 'Williams,' examining and comparing the working parts with that of a new machine, and Mr. Cruickshank, the Government engineer, gave the representative a certificate stating that there appeared no appreciable wear after two years constant work."

Extract from the "Daily Chronicle," London, 28th April, 1900.

"There is one weapon, which, as we learn from Mr. Donohoe, our war correspondent, the Boers dislike even more than the bayonet or the maxim gun. Mr. Donohoe has armed himself with a 'Williams' typewriter, and the Boers, regarding it as something peculiarly deadly, are straining every nerve to put it out of action. So far they have succeeded only in putting a bullet through its cover."

Mr. Wilkinson, War Correspondent for the Sydney "Daily Telegraph," writes:—

"The 'Williams' has been of enormous value to us and has been a source of envy not only to the other correspondents but to the members of the Headquarter Staff. The Boers have a decided aversion to the instrument, its work being sharp, clear and decisive. It has been carried on horseback, in mule waggon, through all sorts of country, but it is still O.K."

Selected by Monsieur G. BIARD d'AUNET (Consul-General de France), at the Paris Exhibition for the Sydney Consulate.

When Buying a Writing Machine obtain the Best Procurable.

The Williams Typewriter.

Read what some of the leading firms say of the "Williams" and its work.

From Messrs. Macnamara and Smith, Solicitors, Sydney:—

"We are pleased to state that we had one of the first consignment of the 'Williams' Typewriters, and that it has given the greatest satisfaction to us during the past 4½ years, and think the work cannot be equalled by any other typewriter. As evidence of this you will remember that we purchased another machine some four years ago. We may say that our machines do very heavy work, and are constantly operated on by a fast writer."

From J. St. Vincent Welch, Esq., Resident Manager The Commercial Union Assurance Co., Ltd., Sydney:—

"I have much pleasure in reporting on the general excellence of the work done by the 'Williams' Typewriter. The machine in use in this office for the last two years has always given complete satisfaction, and, having had several of the highest grade machines either by purchase or on trial, I have by experience been convinced of its superiority over all those I have tried. The clean cut type does good work, the alignment holds well, and the visible writing is an immeasurable advantage to the operator. The bill for repairs to the machine, which has been two years in use, has been two shillings and sixpence (2s. 6d.)"

From The New York Life Insurance Company, Sydney:—

"In reply to your inquiry as to our experience with the 'Williams' Typewriters, I would say that during the 2½ years we have been using them they have given complete satisfaction in every way, and our operators prefer them to machines of other makes. They have undoubtedly a great advantage in the work being always visible, and also in their not requiring an inked ribbon, as in many other typewriters."

From Messrs. Noyes Bros., O'Connell Street, Sydney.

"We have pleasure in stating that we have had nearly four years' experience of the 'Williams,' as well as of other standard typewriters, and our recent order to you for two more 'Williams' machines is the result of this experience. We now use your machines exclusively."

From Messrs. P. McIntosh and Co., Newcastle Flour Mills, Hamilton:—

"We have much pleasure in informing you that we have been constantly using the No. 4 'Williams' Typewriter purchased from you, and have found it very satisfactory in every particular. The writer (one of the principals of this firm) has used many kinds of machines, but in his opinion—as well as that of our staff—the No. 4 stands first against all comers. The touch is simply perfect, and the work in our opinion cannot be beaten, if equalled, by any other machine."

From Messrs. T. G. Robinson & Co., Auctioneers and Salesmen, Toowoomba, Queensland:—

"We have very much pleasure in saying that the 'No. 2' 'Williams' we got from you is as good as the day we got it, although it has done an enormous amount of good work, and given entire satisfaction. We consider it has many valuable advantages over other machines. Any novice can learn to operate it in a few moments, and it possesses the great advantage of the writing being visible."

From the United Australian Mutual Fire and Marine Insurance Company Ltd., Melbourne (Vic.):—

"We take pleasure in stating that the 'Williams' machine placed in this office about four years ago is giving entire satisfaction. We consider it a very superior machine."

From Messrs. G. G. Turri and Co., Patent Agents, Melbourne:—

"We have much pleasure in stating that we have had one of your 'Williams' machines in use in this office for three years constantly, and during that time it has given us great satisfaction. We consider it one of the best, if not THE BEST typewriter we have used; a great advantage being that the writing is always in view of the operator. We have the highest opinion of this machine."

From Messrs. Donaldson, Coburn and Knox Ltd., Merchants, Wilcannia:—

"We have much pleasure in stating that the two 'Williams' Typewriters (Nos. 2 and 4 respectively) which have been at work in our office for some months, have given every satisfaction. They proved easy to learn, and simple and intelligible of construction."

From the O.C. 2nd Infantry Regiment:—

"The 'Williams' supplied to this office has given every satisfaction. The visibility of the writing renders it specially adapted for tabulated work and much easier to learn. The carbon and stencil work are excellent, especially the latter, which I consider surpasses that of any other machine. The Regimental Orders are reproduced by this process, which gives a result as good as print, and practically unlimited in quantity from one stencil."

The Merchants & Traders Association, Limited.

ESTABLISHED 1878.

Chief Offices—173 PITT STREET, SYDNEY,
AND AT NEWCASTLE.

JOHN GIBBS, Managing Director.

The most Extensive Organization of its kind in Australasia.

Enquiry Department.—The Association issue reports containing the fullest details obtainable regarding the antecedents, character, means, prospects, &c., of the parties reported upon; and it is confidently claimed that the general accuracy and completeness of the information furnished is unsurpassed by any similar institution in the world.

Debt Collecting Department.—The Association presents to its subscribers special and important advantages in connection with this department, in that *the whole of the moneys collected are placed to a separate Trust Account, which is duly audited from time to time by a leading firm of public accountants, statements and cheques being forwarded to subscribers monthly*, thus assuring the safety of all moneys collected on behalf of creditors, and facilitating the balancing of their account books. No charge is made unless recovery is effected, and, where legal measures are authorized, the only charge made to clients is cash out of pocket.

Sale and Transfer of Businesses.—The Association has made a special feature of this branch of business, and being in communication with all the leading business people throughout this and the adjoining Colonies, is in the most advantageous position for undertaking this work in a manner that will afford every satisfaction to both buyer and seller. Clients are therefore invited to forward particulars of any business in which they may be interested to the Sydney office, specially prepared forms for which will be forwarded on application.

Investigation and Realization of Estates.—The Association claims to occupy a unique position in connection with the investigation and realization of Estates, which is one of the main objects for which it was established. In addition to the fact that all matters are under the immediate personal supervision of the management, the great resources at the command of the Association strengthen it in a peculiar degree for effectively carrying out the work. The success in this direction already achieved by the Association bears ample testimony to its efficiency.

Advertising Department.—Advertisements received for all Colonial, English, and other newspapers.

Publishing Department.—Our *Trade Report* and *Change Sheet* are published Daily and Weekly, and contain a complete list of Registrations from various Courts, together with other useful information. Our *Country Trades Register*, containing a complete record of traders in the Colony, is also revised and issued every half year.

SUBSCRIPTIONS are Annual, and may commence at any time that the Subscriber elects. The Terms for service are as reasonable as the quality of our work will permit; particulars of which will be furnished on application to

The COBAR "LEADER,"

A WEEKLY JOURNAL.

PUBLISHED FRIDAY EVENING.

CIRCULATES in a rapidly Progressive Mining Community, numbering nearly 10,000 people, as well as throughout a large Pastoral District, including Nymagee, Gilgunnia, Drysdale, and Mount Boppy.

Only one other paper is issued within a radius of 80 miles.

Its circulation is gradually increasing, and it is read by all classes, thus affording a valuable medium for Advertisers, with whom contracts may be made direct at very reasonable rates.

"The Gundagai Times"

AND

TUMUT, ADELONG and MURRUMBIDGEE DISTRICT ADVERTISER.

[Established 1858].

"The Gundagai Times" is a large-size Newspaper, printed twice a week—on Tuesday and Friday Mornings—in the town of Gundagai, and is not only the first newspaper that was published in the district, but is one of the oldest established newspapers in the country districts.

"THE TIMES" being in its forty-third year of publication in this neighbourhood, is a guarantee of the uniform support accorded it from all classes of the community, both locally and provincially. It circulates in almost every town in the Southern and South-western districts, as well as in Sydney and the sister colonies, and, therefore, as an advertising medium, it cannot be surpassed. For the extent of its original literary matter it is held in high repute.

The Proprietor has just introduced, at considerable expense, a COMPLETE PHOTO-ENGRAVING PLANT in connection with the production of "THE GUNDAGAI TIMES." This innovation has added considerably to the paper's popularity.

Subscription: 20/- per annum, in advance. Advertisements from 1/- upwards.

JOB PRINTING EXECUTED WITH PROMPTITUDE AND CARE.

Recognised as one of the Best Advertising Mediums in the Southern and South-Western Districts.

Agents: GORDON & GOTCH, London, Sydney and Melbourne.
