..RABBIT POISON..

VERNOX

THE mixing of this Preparation is not injurious to health, and its freedom from Free Phosphorus does away with all the risk of Fires.

It does not with age lose its strength, every particle of air being driven off in its manufacture, thus preventing oxidation and consequent loss of strength.

It is as cheap as the Phosphorus itself.

It contains essential oil to make it more attractive to rabbits.

There is no danger from it when accidentally spilt, as it will not ignite.

Will exterminate mice when mixed with Flour.

It is the Cheapest, Safest, and most effective Preparation for Phosphorising Pollard on the Market.

2-lb. Sample Tins forwarded F.O.B. Rail on receipt of 2s. In Postal Notes. A reduction of 1/4d. per lb. for 14, 28 56, 112 lb. Tins. None genuine unless bearing the letters VERNON, and my signature.

The Maitland Mercury

[Established 1843].

DAILY—EVENING.

WEEKLY—SATURDAY.

Scale of Charges for Advertisements

3s. for first inch, and 2s. each succeeding inch. On 6 insertions a discount of 10 per cent. is allowed; on 13 insertions a discount of 20 per cent. is allowed; on 26 or more insertions a discount of 50 per cent is allowed.

SPECIAL QUOTATIONS FOR YEARLY CONTRACTS.

The Maitland Daily Mercury contains the news of the day, gathered from every quarter up to five o'clock.

The Maitland Weekly Mercury, of 16 pages, embodies a history of the week, latest market news, special articles, varied reading matter, a religious column, columns for the young, fiction, sporting news, and is a favourite family journal.

The Maitland Mercury is undoubtedly one of the best mediums for advertising in the Northern and North Western districts of New South Wales, and the paper is found in every town and village from Maitland to the Queensland border, in every settlement on the North Coast, and North-Westerly in the great pastoral districts.
