ACTUAL ADVANTAGES

WORK IN SIGHT means a character directly in front of the operator the instant it is made, and never afterwards passing out of sight.

Compare the UNDERWOOD with other Typewriters. An investigation will demonstrate to you conclusively why conservative business men are giving the UNDERWOOD the preference over all other makes, and why the United States Government has, within a period of six months, purchased first 250 and again 150 of these machines. Illustrated Catalogue sent on Application.
