(Street South. Phone 726)

# Lightning Grain Grader

PATENT.

THIS Machine is invaluable to all persons handling Wheat, and no Farmer, Storekeeper, or Grain Store should be without one.

One day's work on an unmarketable parcel of grain will pay for the machine.

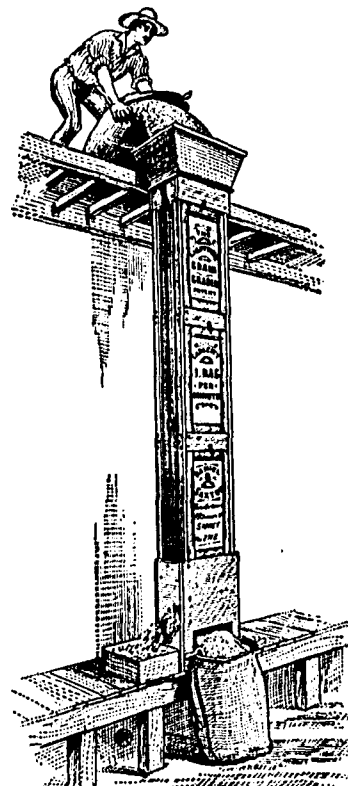

We are receiving orders and shipping these useful machines to South America, South Africa, etc. We have also shipped graders to every Colony in Australasia.

Get one—it will pay you.

## WHAT THE LIGHTNING GRAIN GRADER CAN DO.

- 1st—It will raise any ordinary more or less pinched sample of Wheat to Milling Grade, by separating the large full grain from the pinched refuse material contained in the original sample.
- 2nd—It raises the quality of Feed Barley to Brewing standard.
- 3rd—It is the best Oat grader in the market.
- 4th—It makes a clean sample of Weevily Wheat, Barley, Maize, &c.
- 5th—It works automatically, requires neither power nor labour, effecting the work by the weight of the material operated upon.
- 6th—It makes unmarketable samples immediately saleable, thus converting dead stock into hard cash.
- 7th—A standard Machine will dress Four Hundred Sacks per day.

Price, **£25.**
