THE MOST EXTENSIVE ORGANIZATION OF ITS KIND IN AUSTRALASIA.

Enquiry Department.—The Association issues reports containing the fullest details obtainable regarding the antecedents, character, means, prospects, &c., of the parties reported upon; and it is confidently claimed that the general accuracy and completeness of the information furnished is unsurpassed by any similar institution in the world.

Debt Collecting Department.—The Association presents to its subscribers special and important advantages in connection with this department, in that *the whole of the moneys collected are placed to a separate Trust Account, which is duly audited from time to time by a leading firm of public accountants, statements and cheques being forwarded to subscribers monthly*, thus assuring the safety of all moneys collected on behalf of creditors, and facilitating the balancing of their account books. No charge is made unless recovery is effected, and, where legal measures are authorized, the only charge made to clients is cash out of pocket.

Sale and Transfer of Businesses.—The Association has made a special feature of this branch of business, and being in communication with all the leading business people throughout this and the adjoining States, is in the most advantageous position for undertaking this work in a manner that will afford every satisfaction to both buyer and seller. Clients are therefore invited to forward particulars of any business in which they may be interested to the Sydney office, specially prepared forms for which will be forwarded on application.

Investigation and Realization of Estates.—The Association claims to occupy a unique position in connection with the investigation and realization of Estates, which is one of the main objects for which it was established. In addition to the fact that all matters are under the immediate personal supervision of the management, the great resources at the command of the Association strengthen it in a peculiar degree for effectively carrying out the work. The success in this direction already achieved by the Association bears ample testimony to its efficiency.

Registration of Deeds.—We Register all classes of Deeds, undertake Real Property and other Searches, and supply Legal Forms.

Publishing Department.—Our *Trade Report* and *Change Sheet* are published Daily and Weekly, and contain a complete list of Registrations from various Courts, together with other useful information. Our *Country Trades Register*, containing a complete record of traders in the State, is also revised and issued every half-year.

SUBSCRIPTIONS are Annual, and may commence at any time that the Subscriber elects. The Terms for Service are as reasonable as the quality of our work will permit; particulars of which will be furnished on application to
