The Tamworth Daily Observer

A Bright and Up-to-date Daily Paper.

Incorporating the "TAMWORTH NEWS" (Estab. 1872) and the "TAMWORTH OBSERVER" (Estab. 1875).
The Most Valuable Advertising Medium and the Largest and Most Influential Newspaper in the North and North-Western Districts of New South Wales.

THE "DAILY OBSERVER," which first saw the light of day on 1st January, 1911, started with the combined circulation of the two old established papers in Tamworth. That large output has now been increased by 100 per cent., and is rapidly increasing. Tamworth's geographical position enables late news to be published in the "Daily Observer" from 12 to 24 hours ahead of any other paper in the State. Several large Estates in and around Tamworth have lately been sold and resumed. The Peel River Estate (100,000 acres), resumed by the Government, is now in occupation by 270 families. The Company has expended a large amount of money in the installation of new and up-to-date machinery, including a Poster Stereo Web Printing and Folding Machine, which is capable of printing and folding a four page paper at the rate of 20,000 per hour, and the latest Linotype machines.

Chief Offices: 7 MOORE STREET, SYDNEY,
And at NEWCASTLE.

JOHN GIBBS, Managing Director.

THE MOST EXTENSIVE ORGANIZATION OF ITS KIND IN AUSTRALASIA.

Enquiry Department.—The Association issues reports containing the fullest details obtainable regarding the antecedents, character, means, prospects, etc., of the parties reported upon. In addition to the printed publications, including the Daily and Weekly TRADE REPORTS and Daily CHANGE SHEET, the Association immediately notifies subscribers of any important change which has occurred in the position of a firm. When a *Supplemental or Revised Report* containing additional information has been compiled, *Special Notices* are at once forwarded to subscribers, intimating that a copy is available. It is confidently claimed that the general accuracy and completeness of the information furnished is unsurpassed by any similar institution in the World.

Debt Collecting Department.—The Association presents to its subscribers special and important advantages in connection with this department, in that *the whole of the moneys collected are placed to a separate Trust Account, which is duly audited from time to time by a leading firm of public accountants, statements and cheques being forwarded to subscribers monthly*, thus assuring the safety of all moneys collected on behalf of creditors, and facilitating the balancing of their account books. No charge is made unless recovery is effected.

Sale and Transfer of Businesses.—The Association has made a special feature of this branch of business, and being in communication with all the leading business people, is in the most advantageous position for undertaking this work in a manner that will afford every satisfaction to both buyer and seller.

Investigation and Realization of Estates.—The Association claims to occupy a unique position in connection with the investigation and realization of Estates, which is one of the main objects for which it was established. In addition to the fact that all matters are under the immediate supervision of the management, the great resources at the command of the Association strengthen it in a peculiar degree for effectively carrying out the work.

Registration of Deeds.—We Register all classes of Deeds, undertake Real Property and other Searches, and supply Legal Forms.

Publishing Department.—Our *Trade Report and Change Sheet* are published Daily and Weekly, and contain a complete list of Registrations from various Courts, together with other useful information. Our *Country Trades Register*, containing a complete record of traders in the State, is also revised and issued every half-year.

SUBSCRIPTIONS are Annual, and may commence at any time that the Subscriber elects. The Terms for Service are as reasonable as the quality of our work will permit; particulars of which will be furnished on application to

S. J. DOUGLASS, Secretary.
