HERE IS A PAINT

Made of materials which you yourself specify on your best work—but ground so finely that, under the brush, it has that working quality which renders it distinct from all others.

Its base is a perfect combination of genuine white lead and pure zinc oxide—therefore it spreads more easily, looks better, and lasts longer than white lead.

A NATIONAL WORK OF REFERENCE.

AMONG Annual Publications none holds a higher or more important position than that occupied by

The Year-Book of Australia,

which has become recognised throughout the British Empire, Europe, and America as an authoritative and reliable compendium of useful information relating to the Commercial, Political and Social Progress of Australia and Tasmania.

Its steadily-increasing success and prestige is illustrated by the fact that, commenced in 1882 as a book of 160 pages, it has been enlarged year by year until it now forms a volume of nearly 400 pages, demy octavo, of closely-printed matter, systematically arranged for ready reference, under the following heads:—

Administrative and Legislative.
Agricultural and Pastoral.
Annual Reviews of Banking, Building Societies, Commercial, Insurance, Mining, Postage, Stocks and Shares, Wool.
Art.
Ecclesiastical.
Educational.
Gazetteer.
Land and Land Laws.
Legal.

Literary and Kindred Subjects.
Local General Information.
Medical.
Military.
Mineral and Mining.
Naval, Imperial and Colonial.
Postal and Telegraphic.
Public Finances.
Railways and Tramways.
Sporting.
Statistics.
Tariff.

Many thousands of copies of *The Year-Book* are distributed by the Governments of the Australian States, and by Colonial Merchants, throughout Europe and America.

The Year-Book is to be found in all the leading Government Departments and Public Libraries throughout the world.

Every Student Receives Individual Attention ---!

The Shannon Academy of Practical Cutting assures every student careful, personal attention, and thorough tuition. No theoretical system is taught, but the combined experience of Cutters of world-wide experience is imparted in a simple and practical manner. Ladies undergoing the course are taught by Mr. A. O. Guys, the Belgian Ladies' Tailor. A unique privilege offered students is that they see the actual garments cut and made, fitted on, and finished—an opportunity never before offered in Australia.

PATTERNS CUT FOR THE TRADE BY PRACTICAL MEN.

VIOLIN MAKERS.

BRIDGES S. A.

439 Elizabeth st. Violin Maker
and Repairer, Bows Repaired,
Pianos, Mandolins, Accordions,
Concertinas, Banjos and Guitars
tuned and repaired. Pupils re-
ceived. S. A. BRIDGES
challenges to make a Violin
against any person in the world.
Test proof, superior quality and
quantity of tone. Gritty, Grat-
ing, Grinding, Rasping Toned
Fiddles (called Violins) are yearly
sent to the Colonies. The Dear-
est are no better than the cheap-
est as regards beauty of tone. In
that respect they are all alike, and
only fit for firewood. The Varnish
on them is the cause of their be-
ing so. To play on them a person
requires the head of a Donkey,
with Ears of a mule, and nerve
strong as an Ox to stand such
Torture, many of them having
Grit enough to make ones flesh
creep, your Hair rise, or set your
Teeth on edge. My Varnish on
Violins produces Musical tones,
that when played upon, Sing, as
if there were a Human Soul
within

An Uniquely Complete Organization.

Department for the Collection of Outstanding Accounts.

The work of this department, carried on under improved modern methods, continues to show very substantial progress, and a glance at the figures submitted below discloses the fact that it has resulted in effecting for members the recovery of a very large sum during the past year, which otherwise might have been lost. The commercial community sell goods with a definite understanding as to terms, and they expect bills to be met according to these terms, because the decreasing margin of profit in business does not permit long or extended credits. The business man must turn his capital much oftener than he did in former years to make a profit, and prompt returns for goods sold have become a necessity. It is no doubt this necessity and these conditions that have made business houses recognise the improved facilities afforded by the Association for undertaking the collection of their overdue and doubtful accounts, promptly and efficiently. It is an admitted fact that a customer who has an overdue account with one house will place his current order with another house; the loss is apparent. Because an account is not paid promptly when due does not necessarily signify that the debtor is no longer to be trusted or that the claim is doubtful. There are a good many people in business who do not know the value of punctuality and who are careless in meeting their engagements to a most aggravating extent, and yet they are judged, from past experience at least, to be good. The chronically slow man is no doubt most exasperating; he moves just so fast and no faster, and whether trade or seasons are good or bad makes not a particle of difference in his movements; sometimes he is even too slow to take offence. Statistics, however, prove that the great majority of losses occur among overdue accounts, and the collection of accounts, when due, will reduce the number of eggs which a firm has in each of its customer's baskets. Sharpness and quick action are necessary when a debtor falls both to pay his accounts and to give any satisfactory reason for his delay in paying after repeated letters from the creditor have admonished him. The longer a payment is put off, the heavier the burden becomes, and the older a debt is the harder it is to collect. If a merchant believes an account to be unsafe, and if he has the facts to back his opinion, which he ought to have, he should immediately place it in the hands of the Association for recovery, if loss is to be avoided.

It is pleasing to be able again to record a large increase in the returns of this department during the year just ended. The total sum collected on behalf of members amounted to £70,142 as against £68,533 recovered during the previous year, an increase of £1,609.
